New Fringed Darwin Tulip

"SUNDEW"

A beautiful and novel introduction having fringed petals, the color is a brilliant crimson.

Price per doz. $1.50; per 100 $12.00
Henderson's New Giant Darwin Tulips—General List

These popular late or May-flowering tulips are very stately and beautiful—producing immense flowers on tall sturdy stems attaining a height of from 2 to 3 feet. The flowers are models of perfection in form, lasting wax-like substance—and in a great variety of both dainty and richly brilliant colorings; ranging from blush through pinks, rose, salmon-red, crimson, etc., to rich ox blood reds, from lavender through mauve light blue to violet purple, and from light brown to black. The centers of many of them are beautifully marked. The Darwins also include good tinted whites—and a clear yellow Mary Eaton. Darwin Tulips are exceedingly effective when grown in groups of a dozen or more bulbs of one variety in the garden or herbaceous border with a back-ground of greenery. As cut flowers they are unsurpassable. The long stemmed, bold, dainty flowers have a dignity and character exclusively their own. They can be successfully flowered in pots or pans in the house in winter if grown cool and not forced into bloom before March. The varieties marked * are especially good for that purpose.

To aid in making selections of varieties for continuity of bloom, etc., we have indicated their relative time of flowering by the letters E. F. H. and I. The E's being the earliest to bloom. The height is also given, but may vary. The bulbs should be spaced about 5 inches apart and base of the bulbs should be 5 to 6 inches deep on heavy soils and 6 to 7 inches deep on light soils.

We will supply individual bulbs of any sort described below at one-tenth of the dollar price. 6 Bulbs of a variety sold at the dozen rate, 25 at the hundred rate.

Choice, first size bulbs, sure to bloom. Henderson's Special Mixture made up especially by us from the finest varieties—A $5.00 value for only $3.50.

The proper depth and distance apart to plant bulbs is shown in our booklet, "How to Grow Bulbs," sent free.
Cottage Tulips

Cottage Tulips are so-called because found growing in the old cottage gardens of England, Scotland, Ireland and France where they had been established for 50 years or more. All are very beautiful, presenting a great variety in form and coloring, and having none of the stiffness of other tulips. For cutting they are greatly prized on account of their long stems and graceful habit. They are specially adapted for hardy flower borders, where they should be planted in large clumps and masses. To aid in making selections for continuity of bloom, etc., the relative time of flowering is indicated by the letters E, F, G, H and I. Those marked E being the earliest. Those marked I are the latest to bloom. The normal height is also given in inches. In planting the bulbs should be placed 5 inches apart and the bottom of the bulb should be 6 to 7 inches below the surface in light soils and 5 to 6 inches deep in heavy soils. If planted too shallow some may come blind. The varieties marked * are especially good for winter flowering and forcing.

Rembrandt Tulips

These late or May-flowering garden tulips form a new class of stately beauty. They are in reality Darwin Tulips which have "broken" into permanent variegations—the flowers of various rich colors being striped, blotched and marked with different shades and colors. The flowers, large, of perfect form and lasting substance are borne on sturdy stems about two feet in height. These Rembrandts are very effective planted in groups in the herbaceous or shrubbery border and will remain 3 or 4 years without replanting. The cultural directions given for Darwin Tulips apply to these.

Choice Mixed Varieties

Per Doz. Per 100
Orient. (G-26 in.). Carmine-rose orange toward edges, inside salmon rose. $2.00 $15.00
*Parisian White. (F-15 in.). (La Cadence; Snowdon) Pure white changing to silvery-pink. 1.00 7.50
Parisian Yellow. (I-20 in.). (Annie) Large handsome clear yellow flowers with pointed petals. .75 5.50
Picotee. (G-20 in.). (Maiden’s Black) An elegant flower with recurved petals; pure white with a picotee margin of rose-pink. $45.00 per 1,000. 1.50 5.00
Pride of Inglescomb. (F-24 in.). Beautiful long pointed flowers, white edged carmine rose. 1.50 12.00
*Primrose Beauty. (I-16 in.). Elegantly formed flower opening soft primrose yellow changing to cream color lightly edged with rose. 1.00 7.50

Rembrandt Tulips—Continued

Bybloemen Tulips

Like the Bizarre varieties these tulips were evolved at the time of the Tulipomania which swept Holland and neighboring European countries early in the seventeenth century. They have been grown and sold quite largely in European countries ever since, and to a lesser extent in America; but are considered by many to be too gay for large plantations.

Nevertheless, for indoor decoration, in the month of May when they bloom, their vivid and contrasting colors are very welcome. For outdoor borders, and for planting among the perennials, there is nothing better; as they impart gay coloring much wanted at that time.

The “Rose” Bybloemen tulips are those marked with crimson, rose, pink and scarlet on a white ground, and the “Violet” Bybloemen are those marked with blue, purple and violet also on a white ground.

They flower at the same time as the Darwin and Breeder varieties, and the culture is the same; but the stems are not so long, averaging not more than twenty inches. (See engraving.)

Per Doz. Per 100
Rose Bybloemen Tulips, Choice Mixed Varieties $0.90 $7.00
Violet Bybloemen Tulips, Choice Mixed Varieties .90 7.00

We can supply individual bulbs of any of the sorts described above at one-tenth of the dozen price.

Tulip Clusiana

The Little Lady Tulip. A beautiful dwarf variety suitable for perennial borders and rockeries, should be planted two inches apart each way. Color white with cherry stripes. Price, $1.25 per doz.; $9.00 per 100; $85.00 per 1,000.

Bizarre Tulips

One of the oldest races of Tulips grown extensively in Europe during the seventeenth century. It is this class that is credited as being responsible for the famous tulip craze in 1634. The Bizarre Tulips are all quietly striped and variegated; they belong to the May flowering group, and flower on tall stems.

Choice Mixed Varieties. Yellow ground colors, variegated with crimson, purple, white lips. Per doz., 90c; per 100, $6.00

Parrot or Dragon Tulips

These belong to the late garden tulips, and have immense attractive flowers of singularly picturesque form and brilliant and varied colors. The petals are curiously fringed or laciniated on the edges, and the form of the flower, especially before it opens, resembles the head and neck of a parrot. Only the strongest bulbs of Parrot Tulips can be depended upon to flower. The smaller, younger bulbs often throw no flowers—or at best produce weak, sprawling stems. Our bulbs are the best Holland produces. (See engraving.)

Fantasy. (Novelty). This recent product of the Tulip breeder’s art originated as a sport from Clara Butt, the well known Darwin Tulip. Clara Butt is esteemed for its beautiful salmon pink color; and this sport Fantasy has inherited the same glorious color except that the inside of the flower is more intense in color; and borne on stiffer stems, the height is 20 inches.

Each petal besides being elaborately laciniated is marked very distinctly inside with a streak of apricot. The flowers are carried on a quite long stem.

This variety is suitable for growing in pots or pans of soil in the window, attracting great attention wherever exhibited. Price, 40c each; $4.00 per dozen; $35.00 per 1,000.

Prices of Named Sorts mentioned below.

Per Doz. Per 100
Admiral de Constantinople. Red tipped orange. $1.00 $6.00
Lutea Major. Bright yellow. 1.00 5.00
Monstre Cramoise. Deep crimson, black center. .75 4.00
Perfecta. Yellow striped red. .75 4.00
Markgraf von Baden. Yellow, scarlet and green. 1.00 5.00

Choice Mixed Varieties.

Per doz., 70c; per 100, $5.00; per 1,000, $45.00.
Old Dutch Breeder

The vogue for this glorious type of the large late May flowering Tulips is gaining great impetus, through the introduction of many of the exquisite new varieties, described in the list below.

The Old Dutch Breeder Tulips appeal to all tulip lovers on account of their sturdiness, large size, and beautiful "art colors." In size they even outrival the popular Darwins. Under favorable conditions many sorts will grow over two and one half feet high and bear enormous flowers of ideal form and great substance.

The colors of these tulips are most fascinating; including solid art colors (such as bronze, brown, buff, terra cotta) as well as many combinations of colors that are unsurpassably beautiful.

When planting the bulbs in the garden, they should be spaced about 5 inches apart and covered from 4 to 6 inches depending upon the nature of the soil.

They may also be flowered in pots or pans of soil or fibre in the house in winter if brought in from the cold frame or out-door plunge before the middle of January and then grown on cool and slowly in a thermometer of about 60°. The early flowering ones—those marked F and G—will then flower in February and March—the later ones requiring a little more time. Too much heat is apt to cause them to grow spindling and inferior.

Triumph Tulips

Triumph Tulips originated from crosses between Darwin and Early Tulips continued over a number of years, and are therefore the results of much painstaking effort by the breeders. They are sturdy and strong growers and have large and heavy flowers on strong stems. They bloom from one to two weeks ahead of the Darwin Tulips.

Per Doz. | Per 100
---|---
Colorado | $2.00 | $15.00
Descartes | Light lemon yellow, edges a darker yellow, pointed reflexed petals.
Lord Carnarvon | Petals white with violet rose margin, changing to wine red as the flower ages.
Luna | Light primrose yellow, with darker yellow center.
Missouri | Dark glowing wine red, large flowers on long stems.
Mount Lowe | Fine large pink, good for forcing.
U. S. A. | Orange-red with light orange edges.

"The Tulip Bulbs I received this fall were the finest I ever saw."
Mrs. C. E. Beckwith, Manchester Center, Vt.

"We have a wonderful display of Darwin Tulips. We have dealt with this company for over 40 years so you will understand everything has given satisfaction and have recommended it far and wide."
Carrie McCrory, Fayette City, Pa.

"My Tulips were wonderful this year, and I have room for a few more."
Mrs. Frank F. Gow, Schuylerville, N. Y.
HENDERSON'S Superior Double Early Tulips
Named Varieties including some Beautiful Novelties

The letter A, B, C, etc., following the varieties indicate their earliness of bloom, the A's flower together and are the earliest; B's follow before the A's are out of bloom, etc. The height is indicated in inches to aid in arranging flower beds. When bedded it is generally advisable to use only one variety to a bed for best effect. The bulbs are planted 3 to 6 inches apart—and the depth should be according to the soil, in heavy soils 3 to 4 inches to the base of the bulbs and in light soils an inch or so deeper. Instructions for forcing in pots for Winter blooming will be found in our leaflet "How to Grow Bulbs" sent free with every order.

Henderson's Special—Rainbow Mixture of Double Early Tulips

Mixed by ourselves from named sorts, proper portions of bright colors, all blooming together and of uniform height; extra fine bulbs, much superior to the ordinary mixtures, which are too often made up of surplus varieties and seconds regardless of bedding effect. Price, 60c. per doz., $1.40 per 100; $15.00 per 1,000. 250 sold at the 1,000 rate.

We can supply individual bulbs of any of the sorts described at one-tenth of the dozen price.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate.
**HENDERSON’S SUPERIOR**

**Single Early Tulips**

The letters A, B, C, etc., following the varieties indicate their earliness of bloom, the A's flower together and are the earliest, B's follow before the A's are out of bloom. The height is indicated in inches to aid in arranging flower beds.

**HENDERSON’S SPECIAL RAINBOW MIXTURE OF ABOVE**

This is a very superior mixture made up from Named Sorts with proper proportions of bright colors. All of uniform height and blooming together, extra fine bulbs. Price, 60c. per doz; $4.00 per 100; $35.00 per 1,000. Send for quotations on larger quantities.
HENDERSON’S EXHIBITION HYACINTHS
(For illustrations in color see opposite page)

Single Belled Varieties—“Top Roots”
Price, 25c. each, $2.25 per dozen, $16.00 per 100

Arentine Arendsen. A new early snow-white variety; large broad petalled bells and splendid erect spike.
Bismarck. A grand new variety producing a large spiked well furnished with immense bells of charming light blue shaded with violet; very early.
City of Haarlem. The best and largest yellow; splendid well-filled tall spike; good bells of bright buttercup yellow.
Enchantress. Large pure “baby blue,” bells, compactly filling the tall handsome well-rounded spike.
General De Wet. A pink sport of Grand Maitre, usually throwing two or more strong, well-filled spikes. Color, lively pink with a white throat.
Hofgaertner Kunert. Exquisite soft pink and blush; large bells and truss.
Ivanhoe. Glossy purplish indigo with a white, throat, tall spike and large bells.
Jacques. This beautiful hyacinth is known in our trial grounds as “The Big Pink,” the spike being very large, tall and well-filled with very large bells of an exquisite shade of warm rose-pink.
Lady Derby. Unusually large thick waxy bells of the loveliest shade of rose pink; spike ideal, strong, tall and well-filled.
Lord Balfour. Enormously large broad spike of waxy bells; coloring attractive and unique; claret-purple edged reddish mauve.
Menilik. The darkest of all hyacinths, being almost black; the best and most brilliant of its color; fine large truss.
Perle Brilliante. Splendid large spike of big waxy bells; color sparkling lavender with outside tintings of ultramarine blue.
Queen of Whites. Large waxy bells of purest white; tall full truss perfect form.
Queen Wilhelmina. A very pleasing shade of vivid pink, large, sturdy, well-formed truss and fine bells; early.
Ruby. Brilliant ruby-red bells on a tall spike well filled, very distinct.

Double Belled Varieties—“Top Roots”
Price, 25c. each, $2.25 per dozen, $16.00 per 100

Chestnut Blossom. Exquisite blush pink, shading to deeper rose pink; bells very large and forming a large fine spike.
Delicate. Exquisite porcelain bells touched with light blue, bells very large and double, spike fine.
Edison. Splendid large, double bells of rosy flesh color; fine tall spike.
Grandee. An extra fine variety, beautiful large double bells of pure white; grand spike.
General Kohler. Very large double bells of deep, bright blue, on a tall spike.
Princess Metternich. Very large double bells of rosy white, tall erect, well-filled spike.
President Roosevelt. A fine new variety producing large double bells on a big compactly filled spike, color lively rose-pink.
Sir Rowland Hill. The best double yellow, really fine double bells of bright rich yellow; good full spike.

COLLECTIONS OF EXHIBITION HYACINTHS
Collection A. 1 each of the 15 Single Belled Varieties .......... $2.50
Collection B. 1 each of the 8 Double Belled Varieties .......... $1.50

HENDERSON’S DOUBLE Dutch Named Hyacinths
All Select First Size Bulbs, not “Seconds” that may be sold at a lower price
Double Hyacinths are not as popular as the single-belled varieties; for as a class the “doubles” although their individual bells are large and beautiful do not make as well-filled trusses. For this reason we confine our list of varieties to a few of the very best. (See illustration.)

Price, 20c. each, $2.00 per dozen, $15.00 per 100

DOUBLE WHITE AND TINTED HYACINTHS
Isabella, white suffused with rosy blush, enormous double bells and large well-filled spike.

BOUQUET ROYAL, an old favorite early variety and still hard to beat; double pure white bells on tall spike.

DOUBLE RED ROSE AND PINK HYACINTHS
Groot Voors, large very double bells of blush pink with darker center; good spike.
Nobles par Merite, deep pink, very large fine double bells, tall spike; good force.

DOUBLE YELLOW AND ORANGE HYACINTHS
Goethe, a popular old variety salmon yellow with pinkish center; double bells and good spike.

SUNFLOWER. Splendid deep-buff-yellow.

DOUBLE LAVENDER, BLUE AND PURPLE HYACINTHS
Blocksberg, light blue shaded darker blue; double bells on tall spike.
Garrick, lavender tinted blue; fine compact spike of double bells.

Hyacinth Glasses
Hyacinths grown in glasses of water are charming ornaments for parlor windows, and the ease and success in flowering bulbs in this way add greatly to their popularity. Furnished in the following colors: green, blue, amber or crystal, 30c. each, $3.00 per doz. (See illustration.)
(Not mailable.)
Hyacinths are among the most popular and satisfactory hardy flower bulbs grown. Their wax-like bell-formed flowers, borne in buxom trusses, are of matchless beauty and also delightfully fragrant. The colors, shades and tints are wonderfully varied, from purest white through blush, pink, rose, etc., to deepest red, and from daintiest porcelain through blue to black; purple, from cream through yellows to orange and rosy apricot, etc. Hyacinths succeed with every one and may be had in flower throughout the winter, grown either in pots of soil or glasses of water, while for gardens or bedded on the lawn they are very satisfying and effective.

Queen of Whites. Large waxy bells of purest white; tall full truss perfect form.

Perle Brilliante. Splendid large spike of big waxy bells; color sparkling lavender with outside tints of ultramarine blue.

Marchioness of Lorne, rosy salmon.
City of Haarlem. The best and largest yellow; splendid well-filled tall spike; good bells of bright buttercup yellow.

King of the Belgians. (Roi des Belges) brilliant blood scarlet; fine, upright spike, splendid bedder.

Jacques. This beautiful hyacinth is known in our trial grounds as "The Big Pink," the spike being very large, tall and well-filled with very large bells of an exquisite shade of warm rose-pink.

King of Blues, dark glossy indigo blue, fine bells, compactly furnishing a tall well-rounded spike.

General Vetter. Large spike of waxy bells of a pleasing blush white.

Marie, dark violet blue large well-formed spike, good bedder.

Collection "X," 1 bulb each, 9 varieties
Collection "Y," 3 bulbs each, 9 varieties
All delivered Transportation Paid in U. S. A.

The proper depth and distance apart to plant bulbs is shown in our booklet, "How to Grow Bulbs," sent free.
HENDERSON'S SUPERIOR
Named Single Dutch Hyacinths

All "Select First Size Bulbs"—Not "Seconds" that are offered at lower prices.

For bedding purposes varieties that flower at the same time must be selected. Varieties prefixed with an * are especially suited for bedding as well as for pot culture.

PRICE, 20c. EACH, $2.00 DOZEN, $15.00 per HUNDRED
Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate

Single Tinted White Hyacinths

*General Vetter. Large spike of waxy bells of a pleasing blush white.
*Mr. Plimsol, an old but good variety with large bells of blush white; large broad spike.

Single Blush and Pink Hyacinths

*Gigantea, a popular old variety, a fine force; color blush pink shaded darker; spike large and compact.
*Moreno, bright pink, large bells and tall well-filled spike, splendid for bedding and forcing.

Single Dark Blue and Purple Hyacinths

*King of Blues, dark glossy indigo blue, fine bells, compactly furnishing a tall well-rounded spike.
*Marie, dark violet blue large well-formed spike, good bedder.

Single Lavender and Light Blue Hyacinths

*Grand Maitre, deep lavender blue with darker blue shading very large and handsome spike.
*Johan, beautiful silvery lavender tinged with rosy lavender; very large waxy bells and a grand broad spike.
*Queen of the Blues, beautiful sky blue with a silvery sheen; large well-topped full spike, not early but grand.

Single Yellow and Orange Hyacinths

*King of Yellows, rich deep yellow; tall handsome spike of large bells; not early.
*Marchioness of Lorne, rosy salmon.

Single Dark Rose and Red Hyacinths

*Garibaldi, rich glossy crimson; splendid spike, well furnished with good-sized bells; early and a fine force.
*Gertrude, bright Carmine rose; fine compact, upright spike excellent for either bedding or forcing.
*King of the Belgians, (Rei des Belges) brilliant blood scarlet; fine, upright spike, splendid bedder.

Single Pure White Hyacinths

La Grandesse, purest snow white, tall well furnished spike of large bells; always admired.
*L'Innocence, a very fine, pure white, spike massive; bells large.

Henderson’s "Special" Hyacinths
FOR BEDDING OR POT CULTURE WITHOUT NAMES—CHEAPER THAN NAMED VARIETIES—FAR BETTER THAN MIXED

They are the same age as the first size Named Hyacinth offered by us from which these are the second selection. They are of great value for bedding in designs, enabling one to obtain the exact color effect desired. In beds, borders, etc., set the bulbs 5 to 6 inches apart and 4 inches deep measuring from the top of the bulb. When freezing weather has set in and a light crust has been frozen on the soil, then cover the bed with leaves, straw, marsh hay or reeds to a depth of from four to six inches; this protects not only from severe freezing but from equally injurious unseasonable thaws. They are much used for winter blooming in pots. Plant or pot hyacinth bulbs between September and the last of November—the earlier the better—as it gives them a longer period to make roots before winter sets in and the flowers will be better developed.

Plant 1 bulb in a 5-in. pot, 3 bulbs in a 6 or 7-in. pot, 6 or 7 bulbs in an 8-in. pot or pot.

Early Roman Hyacinths

Roman Hyacinths are extensively used for "forcing" for cut flowers. The white Roman Hyacinth is the earliest, best and most floriferous variety, though the pink, and light blue are very beautiful and supply a variation of color.

They are all easily grown in pots of soil and if potted in September, the pots plunged in the open ground for a month until the bulbs are well rooted, and then brought in the house they can be had in flower in November or December, and from that time a succession of flowers may be enjoyed by bringing in from the plunge or cellar a pot or two of the rooted bulbs at intervals of about two weeks. A five-in. pot is large enough for 3 bulbs, a six-inch pot or pan for 6 bulbs, a seven-inch pot or pan for 8 bulbs. Roman Hyacinths are not hardy enough for open ground planting north of Washington, but where the winters are mild, especially if lightly protected with mulch they thrive excellently in the garden.

Spring Flowering Crocus

As edgings to beds—and bordering walks—or as undergrowth among tulips, hyacinths, daffodils, etc., they are very effective as the flowers are over when the other bulbs begin blooming, and then the crocus foliage forms a beautiful grass like setting for the later flowering bulbs.

Crocus are also easily flowered in the house in winter, grown in pots and pans of soil. For instructions see leaflet "How to Grow Bulbs" sent with every order.

We have discontinued offering the cheap mixtures of Crocus as the larger bulbs—produce more and larger flowers. (See Illustration.)

WHITE CROCUS

King of Whites. A grand new variety, producing long snow-white flowers. (See letter D.)

May. Lovely round petalled pure white flowers of great size.

Mont Blanc. An old favorite, large pure white.

BLUE AND PURPLE CROCUS

Baron von Bruno. A large deep purple. (See letter E.)

Hero. A new hybrid; dark glossy purple. Extra large and fine.

Maximilian. Beautiful sky-blue flowers, distinct. (See letter B.)

STRIPE CROCUS

Albion. A fine large lavender striped white and violet. (See letter C.)

Cloth of Silver. White feathered and striped with lilac and purple.

Fantazy. A new hybrid; immense flowers of light gray striped dark blue.

YELLOW CROCUS

Cloth of Gold. The earliest of all, very prolific yellow veined golden brown.

Yellow Mammoth. The largest flowering sort of this color. (See letter A.)

Price, 50c. per dozen, $4.50 per 100, $10.00 per 1,000.

MIXED GIANT FLOWERING CROCUS

All colors and shades including many new hybrid seedlings so far outclassing the ordinary grade mixtures that we have discarded the latter. 40c. per doz., $3.00 per 100, $27.50 per 1,000.

Dutch Roman Hyacinths

The smaller or three-year old bulbs of some varieties of Dutch Hyacinths produce, considering their size, beautiful spikes of bloom, not as large nor furnished with as many bells as older-full-sized bulbs but still so satisfactory for their low price that they are extensively grown for winter flowers, forced either in "flats" pans or pots. They may be had in flower from January on—thus succeeding the earlier French Romans. The bulbs may be placed very near together—say—an inch apart—requiring 7 or 8 bulbs for a 7-inch pan or 5 bulbs for a 5-inch pot or pan.

VARIETIES OF DUTCH ROMAN HYACINTHS

Crimson, Rose, Pink, White, Light Blue, Deep Blue, Mixed Colors

Price, 10c. each, $1.00 per doz., $7.00 per 100.
American Grown Narcissus Daffodils and Jonquils

Among spring flowering bulbous plants the Narcissus family is one of the most important and of world-wide popularity. With the exception of the Polyanthus varieties (offered on page 29) all are as hardy as rocks, grow, increase and flower year after year. They may be grown in garden beds, among hardy plants in herbaceous borders, or “naturalized,” that is, grown as if wild in outlying portions of the lawn or grounds, on terraced slopes, and along semi-shaded paths. As cut flowers Narcissus are especially useful, being of lasting quality and vasing beautifully.

CULTURE. The bulbs should be planted as soon as convenient in the autumn to make root growth before winter sets in. The bulbs may be left undisturbed for several years on good loamy soils. The depth to plant varies according to the size of the bulbs—a covering of 2 to 3 inches of soil is about the average. The distance apart should be 3 to 6 inches according to the size of the variety. For greenhouse or window culture treat same as Hyacinths, but plant three or more in a pot, instead of single bulbs.

Send for our pamphlet “How to Grow Bulbs” sent free.

NOTE.—The “perianth” is the surrounding row of petals or wings. The trumpet “crown” or “cup” is the center portion of the flower.

### Giant Trumpet Varieties

- **Albicans.** This variety is also known as the “White Spanish Daffodil.” It is creamy white, with a silver white trumpet elegantly recurved at the brim. The flowers are borne on stems 14 inches high. 
  - **Per** 100  
    - Doz. $0.35
    - Each $0.30
    - $25.00

- **Emperor.** Color rich yellow; trumpet and perianth immense in size; often measuring 3½ inches across. The stiff stems are 20 inches in height. 
  - **Per** 100  
    - Doz. $14.00
    - Each $1.50
    - $1.25

- **Empress.** The best of the two-colored trumpet varieties. The perianth is white, and the trumpet rich yellow; the entire flower is of great substance and is carried on strong stems 20 inches high. 
  - **Per** 100  
    - Doz. $14.00
    - Each $1.50
    - $1.25

- **King Alfred.** One of the largest pure yellow Daffodils immense flowers of intense yellow; trumpet large and open with a deeply filled mouth; vigorous and free; height 24 inches. 
  - **Per** 100  
    - Doz. $2.50
    - Each $2.50
    - $18.00

- **Mme. De Graaff.** A desirable and graceful variety, trumpet and perianth, pure white. 
  - **Per** 100  
    - Doz. $2.00
    - Each $2.00
    - $15.00

- **Olympia.** A much improved and enlarged Emperor, very free-flowering and exceptionally hardy. This is also ranked as a new and better variety. Height 16 inches. 
  - **Per** 100  
    - Doz. $2.50
    - Each $2.50
    - $18.00

- **Robert Sydenham.** A grand hardy variety. Perfect sulphur yellow perianth; exceptionally large yellow trumpet, handsome; an persistent winner at the shows, height 18 inches. 
  - **Per** 100  
    - Doz. $3.00
    - Each $3.00
    - $22.00

- **Sir Francis Drake.** Clear yellow, large, very early, long stemmed cut flower and show variety, also a fine bedding sort, height 18 inches. 
  - **Per** 100  
    - Doz. $2.50
    - Each $2.50
    - $18.00

- **Spring Glory.** Long yellow trumpet, reflexed brim, perianth clear white. 
  - **Per** 100  
    - Doz. $2.00
    - Each $2.00
    - $15.00

- **Van Waveren’s Giant.** Perianth primrose, bright yellow trumpet; one of the best in our “Giant” class, height 20 inches. 
  - **Per** 100  
    - Doz. $3.00
    - Each $3.00
    - $22.00

- **Victoria.** A good bicolour famous for large and durable flowers; perianth very broad, creamy white in color; large fluted trumpet rich yellow, height 18 inches. 
  - **Per** 100  
    - Doz. $2.00
    - Each $2.00
    - $15.00

### Medium Trumpet Varieties

- **Sir Watkin.** (Incomparabilis). This is an old and popular variety, perfectly hardy, and will thrive well either in the garden, or for culture indoors during the winter. The flowers of Sir Watkin measure 5 inches across, have a deep primrose yellow perianth, and a more deeply tinted yellow cup or trumpet. 
  - **Per** 100  
    - Doz. $0.20
    - Each $0.20
    - $15.00

- **Lucifer.** (Incomparabilis). A very attractive hardy variety, large white perianth with glowing orange-red cup, height 18 inches. 
  - **Per** 100  
    - Doz. $0.35
    - Each $0.35
    - $25.00

- **Barri Conspicuous.** (Barri). It thrives in gardens, and for naturalizing in grass or semi-wild places it is magnificent. For winter flowering in pots or pans of soil it is beautiful. 
  - **Per** 100  
    - Doz. $0.15
    - Each $0.15
    - $12.00

- **Barri Conspicuous.** (Barri). Barri Conspicuous has a broad spreading yellow perianth; crown edged with orange-scarlet; a robust strong grower; height 20 inches. 
  - **Per** 100  
    - Doz. $0.12
    - Each $0.12
    - $9.00

- **Bath’s Flame.** (Barri). Yellow perianth, deep yellow cup with broad edge of orange-red. The petals are very long and pointed, giving the flower a distinct and outstanding character, height 16 inches. 
  - **Per** 100  
    - Doz. $0.35
    - Each $0.35
    - $25.00

- **Sea Gull.** (Barri). One of the largest and most beautiful daffodils in this class. The spreading perianth is pure white, and the cup is canary colored edged apricot, height 21 inches. 
  - **Per** 100  
    - Doz. $0.12
    - Each $0.12
    - $9.00

- **Crystal Queen.** (Leedii). Pure white perianth, pale primrose cup passing to white afterwards; flowers 3½ inches, height 15 inches across a giant Leedii. 
  - **Per** 100  
    - Doz. $0.40
    - Each $0.40
    - $30.00

- **Mrs. Langtry.** (Leedii). The fragrant “Silver Winged” Leedii’s are hybrids between white Trumpet Daffodils and Poeticus. 
  - **Per** 100  
    - Doz. $0.40
    - Each $0.40
    - $30.00

- **Southern Gem.** (Leedii). Beautiful pure white petals, large lemon yellow crown, a splendid flower of rare symmetry, height 16 inches. 
  - **Per** 100  
    - Doz. $0.15
    - Each $0.15
    - $14.00

- **White Lady.** (Leedii). A grand new giant flowering variety, considered one of the best in commerce. It is virtually a white “Sir Watkin.” The broad perianth is pure white surrounding a pale citron frilled cup which turns white. Height 18 inches. 
  - **Per** 100  
    - Doz. $0.12
    - Each $0.12
    - $9.00

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate
Narcissus and Daffodils—Continued

The Hardy Cluster-Flowered Daffodils
Narcissus Poetaz

These new hybrids between Poeticus and Polyanthus are hardy, healthy, strong growers, some of the varieties attaining a height of 2 feet. The Poeticus-like flowers are borne in clusters like the Polyanthus. They soon form large luxuriant clumps.

Elvira. A large flower of remarkably good substance, carrying three or four flowers on long stems; and producing two to three stems to one bulb. Very fine for cutting; strong-growing and free flowering. Color pure white with yellow cup. Height 24 inches. 12c. each; $1.35 per doz.; $10.00 per 100.

Helios. The perianth is yellow with a deeper golden yellow cup. The bulb produces three stems usually, and there are seven to eight broad flowers borne on each stem. This is the largest yellow variety. 20c. each; $2.00 per doz.; $15.00 per 100. (See illustration.)

Joconde. Pale yellow petals, deep golden cups, 4-5 large flowers on long stems, ideal cut flower and exquisite show variety. 25c. each; $2.50 per doz.; $18.00 per 100.

“Poet’s” or Phoenant’s Narcissus

Poeticus Ornatus. This is the early flowering “Poets Narcissus” so popular for winter forcing as well as for gardens and for “naturalizing.” The perianth is pure snow-white with a beautiful contrasting saffron yellow cup margined scarlet. It thrives wonderfully in gardens, or in semi-wild places planted among grass; and provides a continuous display of bloom for weeks. Height 18 inches. 12c. each; $1.25 per doz.; $9.00 per 100; $85.00 per 1000. (See illustration.)

Horace. Pure white perianth, conspicuous red eye, free flowering and strong stemmed, a splendid forcing variety. 20c. each; $2.00 per doz.; $15.00 per 100.

Narcissus Jonquilla or Jonquils

Campernelle. Much prized for its small golden flowers which are produced in great profusion. Perfectly hardy for the outdoor garden, and also a good variety for winter flowering in pots of soil. The yellow flowers are borne from six to ten stems about eighteen inches high. 12c. each; $1.35 per doz.; $10.00 per 100.

Double Narcissus and Daffodils

Orange Phoenix. Beautiful double white flowers with orange nectary. Splendid for pot culture and cutting; 17 in. 15c. each; $1.50 per doz.; $12.00 per 100.

Primrose Phoenix. Primrose yellow, large rose-shaped flower, long stems. We recommend this variety as most satisfactory. 20c. each; $2.00 per doz.; $15.00 per 100.

Sulphur Phoenix. Beautiful snow-white flower, interlaced pale yellow 20c. each; $2.00 per doz.; $15.00 per 100.

Double Von Sion. The true “Double Yellow Daffodil.” Rich golden-yellow perianth and trumpet. This is the old favorite so highly prized in old-fashioned gardens. (See illustration.) 12c. each; $1.35 per doz.; $10.00 per 100; $90.00 per 1000.

Mixed Narcissus and Daffodils

FOR NATURALIZING IN BORDERS, WILD GARDENS, ETC.

These are a Special Mixture of All Varieties. They are very suitable for growing in masses for garden decoration, and are particularly adapted for mixed borders, “naturalizing” in shrubbery by woodland walks, in woods by streams and lakes and semi-wild, outlying grounds. They are perfectly hardy and will flourish and increase for many years. Price, $1.00 per doz.; $7.50 per 100; $70.00 per 1000.

Polyanthus Narcissus

The Polyanthus varieties of Narcissus are deliciously sweet scented, of the easiest culture, very free flowering and continue long in bloom; bearing from six to one dozen flowers each. South of the freezing belt they are splendid for gardens and “naturalize” well. For growing in pots or pans of soil or in shallow dishes in pebbles and water, they are especially adapted and can be had in flower in the house from Christmas throughout the winter by bringing the pots of rooted bulbs in from the frame or cellar every week or two.

Grand Soliel D’Or. All Yellow Polyanthus. A beautiful variety bearing clusters of golden yellow flowers with orange cups. 25c. each; $2.50 per doz.; $18.00 per 100.

Paper White Grandiflora. All White Polyanthus. A large flowering type producing snow-white flowers of large size and good substance in trusses. Much used for early forcing for cut flowers, being brought in without difficulty by Christmas or even earlier. (See illustration.) 8c. each; 80c. per doz.; $6.00 per 100; $55.00 per 1000.

The proper depth and distance apart to plant bulbs is shown in our booklet “How to Grow Bulbs” sent free.
Bermuda Easter Lilies
*Lilium Longiflorum Harrisii*

The short time required to bring this peerless Lily into flower renders it invaluable. The flowers are delightfully fragrant pure waxy-white, and if cut when partially open can be kept for two weeks. Bulbs potted in September can be had in flower in December, if desired.

A succession of bloom can be kept up throughout the winter by bringing in a few pots of bulbs from cold frames at intervals. Blooming plants in pots are suitable for Easter offerings and presents.

*Bulbs Ready for Shipment—August to December. (See engraving.)*

**Extra Size Bulbs.** (7 to 9 inches in circumference.) This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting. Bulbs should produce from 8 to 12 flowers. 40c. ea.; $4.00 doz.; $30.00 per 100.

**Monstrous Size Bulbs.** (9 to 11 inches in circumference.) These are usually grown for specimens in pots for exhibitions and decorations. Each bulb should produce from 12 to 18 flowers. 60c. ea.; $6.00 per doz.; $45.00 per 100.

The Formosa Easter Lily
*Lilium Longiflorum Formosum*

This is an improved type of the well known *L. longiflorum* also known as the "Easter or St. Joseph's Lily." The plants are of healthy strong growth—about 3 feet high and produce beautiful pure white trumpet shaped flowers, 6 to 8 inches long. This lily is largely grown by florists who "force" them as pot plants and for cut flowers. It is not quite as early as *Lilium Harrisii*. *For Shipment, September to December.*

**Extra Size Bulbs.** 8 to 10 inches. 50c. ea.; $5.00 doz.; $40.00 per 100.

Japan Easter Lily
*Lilium Longiflorum Giganteum*

This Japanese type is highly thought of for late winter and Easter forcing—though the bulbs of this variety are often carried over in cold storage to be brought into bloom at any desired time the succeeding year. The plant is of sturdy stocky growth—with black marked stems. The flowers of purest white are the largest of the longiflorums. *For Shipment October to December.*

**Extra Size Bulbs.** 8 to 10 inch. 50c. ea.; $5.00 doz.; $40.00 per 100

**Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate.**

Henderson's Selected Calla Lilies

A well-known plant of easy culture for winter bloom. It makes a handsome house or window plant. To aid profuse blooming keep dormant from the middle of June until the last of September; pot on receipt in good, rich soil, using 6 to 8-inch pot, give light and heat in abundance. Both foliage and flowers are attractive in this desirable winter bloomer.

**Calla Aethiopica, or Lily of the Nile**

This old favorite White Calla Lily is too well known to require any description. We offer dry roots, as the}--

**The Godfrey Everblooming Calla**

This new hybrid is a true ever-blooming variety. A good plant, produces an astonishing quantity of large, snow-white, slightly fragrant flowers. Compared with the ordinary white Calla, it gives three flowers to one. The plant is dwarf, compact, strong growth, about 18 inches high, with an abundance of dark green leaves. Dormant bulbs, 35c. ea.; $3.50 per doz.; $25.00 per 100.

**Yellow Calla, Elliotianna**

The yellow Calla; large rich, deep golden flowers often 4 to 5 inches across at the mouth; habit of growth and foliage like the old favorite white Calla excepting the leaves of Elliotianna are spotted with white. (See engraving.) Dry bulbs, 40c. ea.; $4.00 per doz.; $30.00 per 100. (Ready in November.)

"Henderson's Bulb Culture" is a book of 68 pages, price 75c. We send it free with bulb orders amounting to $3.00.
HARDY LILIES

Lilies commence flowering in June and with the various species maintain a continuous and unbroken succession in the shrubbery border. Most Lily Bulbs, being of late maturity, are not ready before October, November and December (the best time to plant them). Where the ground is liable to freeze up before the late lilies arrive it should be mulched with 6 or 8 inches of leaves or manure to keep it from freezing, so the bulbs may be planted on arrival.

Auratum. (The Golden Rayed Lily of Japan.) The flowers are pure white, thickly studded with crimson spots, while through the centre of each petal runs a clear golden band. Fully expanded, the flowers measure nearly a foot across and possess a most delicious fragrance. Season of bloom from July to October. 3 to 5 feet. (See illustration.)

Extra size bulbs $.50 each; $5.00 per doz.; $37.50 per 100
Mammoth bulbs $.75 each; $7.50 per doz.; $60.00 per 100

Candidum, Henderson's Superior Northern Grown. This is the ever popular fragrant, snow-white, hardy garden Lily, which is also known as "Annunciation Lily," and "Madonna Lily." It grows 3 to 4 feet high, and blooms in the open ground in June. When grown in masses these lilies are especially effective against the surrounding greenery of shrubs, etc. Price, extra large bulbs, 40c. each; $4.00 per doz.; $30.00 per 100.

Canadense. Our native Canadian Lily. Bright yellow marked with copious spots of red; blooms in June and July. 2 to 3 feet high. 25c. each; $2.50 per doz.; $18.00 per 100.

Canadense Flavum. A pure yellow selection of the above. 25c. each; $2.50 per doz.; $18.00 per 100.

Canadense Rubrum. Crimson with dark spots. 25c. each; $2.50 per doz.; $18.00 per 100.

Elegans Mixed Varieties. A fine dwarf Japanese variety of easy culture. Colors shading from yellow to deep blood red. Flowers June-July. 25c. each; $2.50 per doz.; $18.00 per 100.

Hansonl. (The True Japanese Yellow Martagon.) This is one of the best of the Martagon group, unsurpassed in vigor of growth and beauty by any other lily. The flowers are large, of a bright yellow, tinged orange and spotted maroon, with thick wax-like petals. Very robust and free. Flowers in June. 75c. each; $7.50 per doz.; $60.00 per 100.

Henryi. (The Yellow Speciosum.) A new rare and very beautiful Lily from China. It is very hardy, and without doubt one of the best Lilies for garden culture. The flower stalk, 3 to 5 feet high, carries 5 to 8 large flowers each, rich apricot-yellow, lightly spotted with brown. The shape and size of the flowers has suggested the name "Yellow Speciosum." Flowers July-August. 75c. each; $7.50 per doz.; $60.00 per 100.

Regale ("A Royal Beauty"). The flowers are white, slightly suffused with pink, with a beautiful shade of canary yellow at the center, blending out part way up the trumpet. The fragrance is fascinating. A splendid hardy Lily for the garden, flowering in July. Well-grown bulbs often produce five to eight blooms. 50c. each; $5.00 per doz.; $35.00 per 100. (See illustration.)

Speciosum or Lancifolium. The varieties of L. Speciosum or Lancifolium are perhaps the most popular Lilies grown. They are easy of cultivation, and produce large flowers of delicate beauty on strong stems; height, from 2 to 4 feet; blooming in August. The varieties are: (See illustration.)

Speciosum Album. White. Large bulbs, 60c. each; $6.00 per doz.; $45.00 per 100.

Speciosum Rubrum. (Roseum). White, shaded and spotted with rose and red. (See illustration.) Large bulbs, 60c. each; $6.00 per doz.; $45.00 per 100.

Speciosum Melpomene. Rich blood-crimson, heavily spotted. Large bulbs, 60c. each; $6.00 per doz.; $45.00 per 100.

Superbum. (Turk's Cap Lily.) One of our native species. Grown in good rich soil, it will produce upwards of 20 beautiful orange, tipped red, spotted flowers in a pyramidal cluster. 3 to 5 feet high. Blooms in July. 30c. each; $3.00 per doz.; $20.00 per 100.

Tigrinum Splendens. (Improved Tiger Lily.) The grandest of the Tigers, black polished stem. Very large pyramids of flowers, orange red, spotted with black, 3 to 5 feet high. Blooms in August. 25c. each; $2.50 per doz.; $18.00 per 100.

Tigrinum Flora Pleno. (Double Tiger Lily.) Double bright orange-red flowers spotted with black. Blooms in August. 25c. each; $2.50 per doz.; $18.00 per 100.

Umbellatum. Of strong, sturdy habit, growing from 2 to 3 feet high, having large showy flowers in clusters at the summit, flowering in June. The colors range through all shades of red from rose to blackish-crimson, yellow, buff, orange, etc., many being spotted. Mixed Colors. 25c. each; $2.50 per doz.; $18.00 per 100.
German Iris or Fleur-de-Lis
Iris Germanica and Allied Species

These the true Fleur-de-Lis—but greatly improved—are well termed "Garden Orchids" and they fairly outstrip the orchids in variety of coloring—both in dainty combinations and in vivid and vivid colors including yellows from light canary to deep golden; blues from soft lavender to intense purples, reds from pinkish mauve to beautiful bronzes and pure whites, then some are marked and margined with other colors in exquisite harmony and all have showy yellow or orange crests or beards, many of the varieties are delightfully fragrant.

For garden and landscape decoration—groups and masses of them are very effective, being perfectly hardy, thriving and increasing year after year in any sunny situation in ordinarily good soil except a wet one which is liable to cause decay. Our collection contains many new and choice varieties, which will be revelations of beauty to Iris lovers. The roots should be divided and replanted every fourth year—early in September is the best time for the plants are then dormant. The roots are ready for shipment from September 15th to November 15th.

IRIS, THE. By J. C. Wister (New). This book presents in a convincing manner the simple requirements of this flower. Complete and practical. Price postpaid, $1.25.
New Large Flowering Japan Iris  Iris Kaempferi

The magnificence of these new Irises surpasses description. The flowers are of enormous size, averaging 6 to 8 inches across, and of indescribable and charming hues and colors, varying like watered silk in the sunlight, the prevailing colors being white, crimson, rose, lilac, lavender, violet and blue; each flower usually representing several shades, while a golden-yellow blotch, surrounded by a halo of blue or violet, at the base of the petals intensifies the wealth of coloring. The Japan Iris besides being very free flowering is perfectly hardy and grows readily in almost any situation, either sunny or partially shady; but the soil should be moist and the plants well supplied with water when flowering. They bloom in great profusion in June and throughout July, coming into bloom when other Irises are faded and gone. Ready September 15 to November 15. (See Illustration.)

Japan Iris Seedlings. Containing many new and beautiful single and double varieties. Price, 25c. each; $2.50 per doz.; $18.00 per 100.

Dutch Iris or Iris Hollandia

This variety is generally regarded as a giant strain of early Spanish Iris. The leaves are larger and the flowers appear a week or two earlier than the Spanish Iris.

E. B. Garnier. Uniform dark blue. (See color plate letter B.)

Imperator. Larger flowering dark blue.

Therese Schwartz. Lilac standards, white falls.

Th. Wijck. Delightful light blue.

White Excelsior. Uniform white. (See color plate letter C.)

Yellow Queen. Uniform pure yellow, excellent novelty. (See color plate letter A.)

Price of any of the above, 12c. each; $1.25 per doz.; $9.00 per 100.

*"Henderson's Bulb Culture" is a book of 68 pages price 75c. We send it free with bulb orders amounting to $3.00.*
Miscellaneous Spring Flowering Bulbs

Giant Hybrid Amaryllis "International Prize" Strain

The coloring and marking are exquisite; the bulbs are large, and are of sufficient strength to produce flowers during winter or spring. They are the most gorgeous bulbous plants known. They throw up spikes from 2 to 3 feet high, bearing enormous wide-petaled flowers averaging 8 to 10 inches across and of great substance; some being of rich and glowing colors, others delicately shaded and superbly veined.

Mixed Varieties, $1.00 each; $10.00 per doz.

Anemone Giant St. Brigid

An improved Irish variety bearing magnificent flowers, double, semi-double and single, 3 to 5 inches across, of the richest as well as the daintiest colors. There is maroon, scarlet, crimson, pink, blue, purple, cream, white, etc., in endless variety. The flowers are borne freely on long stems and are charming. Grow in cold frames in northern states. Mixed colors, $1.00 per doz.; $7.50 per 100.

Single Poppy-Flowered. (Coronaria.) Large, beautiful saucer-shaped flowers for pot culture during spring and early summer. Mixed colors, 60c. doz.; $5.00 per 100.

Dielytra, or "Bleeding Heart"

One of the most ornamental of hardy spring-flowering plants, with elegant green foliage and long drooping racemes of heart-shaped pink and white flowers. (Ready in November.)

Large Roots, 75c. each; $7.50 per dozen.

Chionodoxa Glory of the Snow

They produce flower spikes bearing 10 to 15 lovely Scilla-like flowers. They are perfectly hardy, and may be planted as an edging to a bed, or naturalized on the lawn. They are admirable for pot culture winter blooming in the house.

Chionodoxa Lucillae. Bright blue with large clear white center. 60c. doz.; $4.00 per 100; $3.50 per 1,000.

Chionodoxa Sardensis. Intense deep blue, 60c. doz.; $4.00 per 100; $3.50 per 1,000.

Chionodoxa Gigantea. Unusually large flowers of lovely lilac-blue, with conspicuous white centre, 80c. doz.; $6.00 per 100.

Henderson's Superior Freesias

Freesias are popular for pot culture, flowering in the winter and spring in the conservatory, or window garden.

Culture

Plant in deep pots, for the new roots which form below the others go deep, plant ten bulbs in a five inch pot. After being potted do not store, but place in an indirect light in the dwelling or under the bench in the conservatory until growth shows above the soil.

Never force, but grow in a fairly cool temperature. Flowers appear in 5 or 6 months after planting.

California. One of the finest yellow varieties. Color bright golden yellow. $1.00 per doz.; $7.50 per 100.

Elder's Giant White. The finest white variety, beautiful pure white flowers double the size of Purity. Price, 15c. each; $1.50 per doz.; $12.00 per 100.

Fischer's Splendens. A beautiful lavender flower produced on long stiff stems. Price, 75c. per doz.; $5.00 per 100.

General Pershing. A beautiful shade of pinkiest lavender with yellow lip tinted bronze. $1.00 per doz.; $7.50 per 100. See letter C.

Giant Amethyst. Flowers borne on long stems, color a beautiful lavender, the best variety of this shade. Price, $1.00 per doz.; $7.50 per 100. See letter C.

Golden Daffodil. A great improvement over any other yellow sort, the color is rich daffodil yellow. The large flowers are borne on long rigid stems. Price, 15c. each; $1.50 per doz.; $12.00 per 100. See letter D.

June Michelsen. Deep rose pink with yellow blotch on centre petals. Price, $1.00 per dozen, $7.50 per 100.

Mrs. Marc Peters. Rosy salmon with orange blotch on lower petals. Price, $1.00 per doz.; $7.50 per 100.

Olivette. Beautiful carmine red with yellow throat, yellow blotch on lower petals, very free bloomer. Price, $1.00 per doz.; $7.50 per 100.

Purity. Produces large sprays of snow-white flowers deliciously fragrant; free blooming and of great value for forcing for cut flowers. Price, Mammoth Bulbs, 75c. per doz.; $5.00 per 100; $45.00 per 1,000.

Mixed Hybrids. 75c. per doz.; $5.00 per 100.

Fritillaria Meleagris

Dwarf spring-flowering plants bearing large pendant bell-shaped flowers of various colors, yellow, white, black, purple, striped and splashed and checkered in the most curious way. They are of sufficient strength and age to produce flowers during winter or spring. They have a wide range of colors, including white, yellow, red, purple, and striped and splashed varieties. They are easy to grow and make a great addition to any garden.

Mixed Varieties, 80c. per doz.; $6.00 per 100.
Grape Hyacinths
When naturalized in little colonies where they can remain undisturbed for several years, the effect is very striking—while grown as edgings to other beds they are charming. They are also adapted for winter flowering in the house. (See illustration.)

Blue Grape Hyacinths. 40c. per doz.; $3.00 per 100; $27.50 per 1,000.
White Grape Hyacinths. 75c. per doz.; $5.00 per 100; $45.00 per 1,000.

“Heavenly Blue” Grape Hyacinths. A new type with larger flowers of richest gentian blue and delightfully fragrant; desirable for cutting and of splendid effect massed in the garden or border. 50c. per doz.; $3.50 per 100; $30.00 per 1,000.

Lily of the Valley
(Ready for Delivery in November)
Henderson’s Extra Single Crown or “Pips.” The finest grade of Crowns in the market for winter flowering. They will bear 12 to 16 large bells on strong stalks, with foliage, even when forced for extra early; the pips average large, plump and regular, with extra long roots. 25 Crowns (1 bundle) $2.00; 100 Crowns, $7.00; $60.00 per 1,000.

Fortin’s Giant. This is the largest variety yet produced; it is only adapted for open ground planting and may not show much superiority the first spring after planting, but by the second season, or when it gets well established, it produces wonderfully luxuriant foliage and immense spikes of purest white bells. Crowns, $1.00 per doz.; $7.50 per 100.

Oxalis
Charming little half-trailing or bushy plants particularly adapted for pot culture and hanging baskets, the foliage alone is very attractive and when in flower they are exceedingly pretty.

Bermuda Buttercup. This is one of the finest winter-flowering plants for pot culture. It is a strong luxuriant grower, and the great profusion of bloom produced in uninterrupted abundance for weeks is astonishing. The flowers are of the purest bright buttercup yellow. 5c. each; 50c. per doz.; $3.50 per 100.

Grand Duchess. A California variety of great beauty; of dwarf sturdy growth throwing large exquisite flowers well above the foliage. Extremely free-flowering from November till June. Price for either, White, Pink or Lavender. 5c. each; 50c. per doz.; $3.50 per 100.

Ranunculus
These are unrivaled for attractive colors, ranging through shades of crimson, white, yellow, purple, black. Many beautifully marked with other shades. They flower profusely in pots in the house during the winter or if grown in frames in the spring.

Double Giant French Mixed. 75c. doz.; $6.00 per 100.

Palaflor. A new hybrid variety of this popular flower having blooms twice the size of the ordinary sorts. The colors range from crimson to rose and beautiful shades of yellow to pure white, height 15 to 18 inches. (See illustration.)
Price each 20c.; per doz. $2.00; per 100 $15.00.

Scilla (Blue Bells)
Most beautiful hardy spring bulbs, producing in profusion masses of exquisite rich blue flowers almost before the snow has disappeared. If grown in masses, their flowers fairly carpet the ground. Crowned in pots they may be had from Christmas until April. Siberica (Blue). 75c. per doz.; $5.00 per 100; $45.00 per 1,000.

Siberica Alba. The white flowering variety, very beautiful. 75c. doz.; $5.00 per 100; $45.00 per 1,000.

Campanulata. (Wood Hyacinth or Bluebell.) Flowers borne on tall spikes, 1 to 2 feet high. Each flower measures nearly one inch across and droops gracefully; perfectly hardy; also fine for pot culture. We offer the following colors. (See illustration.)
Major Blue. 60c. per doz.; $4.50 per 100. Rose. 80c. per doz.; $6.00 per 100. White. 75c. per doz.; $5.00 per 100.

Snowdrops
In the early spring months there is nothing more beautiful than a sheet of the snowy, graceful blossoms of the Snowdrop. Beds and effects of surpassing beauty may be arranged with Snowdrops in the centre edged with bright blue Scilla Siberica, or Chionodoxas, or by intermingling them. Used as a permanent edging, and in masses on the edges of lawns, nestling in the grass, they look charming. Snowdrops are easily flowered in pots during the winter.

Single Snowdrops. 60c. per doz.; $4.50 per 100. $40.00 per 1,000.
Double Snowdrops. 80c. per doz.; $6.00 per 100; $55.00 per 1,000.
Elwes’ Giant Snowdrop. One of the finest of the genus, at least three times the size of the ordinary single Snowdrop; flowers slightly marked with green spots; fine for cutting. 60c. per doz.; $4.50 per 100; $10.00 per 1,000.

Winter Aconite (Eranthis Hyemalis)
Early in spring the golden blossoms of the Winter Aconite appear resting on an emerald-green cushion of leaves. The foliage remains long after the flowers, making the plant especially valuable in moist situations such as under trees, where the Winter Aconite thrives. 3 to 8 inches high. 40c. per doz.; $3.00 per 100; $27.50 per 1,000.
## HENDERSON'S

**Modern Peonies**

**Selected from the World's Newest and Best Varieties**

**Our Method of Selling Henderson's Herbaceous Peonies.**—It is the rule among most sellers of Peonies to send out divided roots, that is older plants cut into several 2 to 3 crowned roots. These, of course, can be sold at a lower price, but all Peony purchasers should know that normal flowers of maximum size will not be produced on these divided roots for two or three years. As most of our customers prefer to pay a little more and get older, undivided roots, therefore we are offering roots of 2 and 3 years’ growth from the divided stage. These, according to age, will give a great quantity of perfect blooms the succeeding summer if planted between September 15th and November 1st. For cultural instructions send for our Peony Guide post free.

The roots offered in this list are for shipment September 15th to November 15th.

Peonies—Continued

White

Albatre. Milk white, with cream center, ruby markings on some petals. Large bloom of perfect form. A real gem. $0.75 $1.25

Alsace (Lorraine). Rich creamy white tinted brownish-yellow. Produces clusters of large imbricated flowers, with a center like water lily. 1.25 2.00

Baroness Schroeder. Tall. Flesh white to milk white. Fine free bloomer of very large globular flowers. Fragrant. 1.50 2.50

Bayadere. Creamy white with a golden heart. Large globular flowers. Fragrant. 2.00 3.50

Couronne D'Or. Tall. White, slightly flecked crimson, reflecting golden stamens through the petals. Profuse bloomer, very popular. 0.75 1.25

Duchess de Nemours. Sulphure white with a touch of green at the heart that seems to light up the whole flower. Fragrant. 0.75 1.25

Festiva Maxima. Tall. Ivory white flowers of feathery appearance with a splash of crimson in center. Very large and globular. Fragrant. 0.75 1.25

Francis Willard. Tall. White delicately shaded pink. Raised cup shaped center filled with golden stamens, fragrant and very choice. 2.50 3.50

James Kelway. Rose white changing to milk-white. Tinged yellow at base petals. 1.50 2.50

La Fiancee. Creamy white with base of petals shaded yellow. Center flecked crimson showing stamens. 2.00 3.50

Mme. Emile Lemoine. Glossy white tinted with pale pink fading to pure white when in full bloom. Large flowers, well rounded and of great substance. 1.25 1.75

Stephanie. Creamy white with golden reflections from stamens at base of petals. 1.50 2.50

Crimson and Dark Red

Adolphe Rousseau. Tall. Dark Velvety red with hues of garnet and a distinct metallic reflex. One of the best dark varieties. Large. 1.50 2.50

Felix Crousse. Deep ruby red, center shading deeper. Large globular bloom of fine form. 1.25 1.75

Grandiflora Rubra. American Beauty Red. 1.50 2.50

Grover Cleveland. Dark crimson, very large and full flower. $1.50 2.50

Crimson and Dark Red (Cont’d)

Karl Rosefield. Dark crimson, very brilliant. Large, globular and compact. $1.50 $2.50

Longfellow. Tall. Brilliant crimson with cherry tones very bright and effective for any use. Large and of good form. 4.00 6.00

Mary Brand. Crimson with silky sheen, center of fringed petals with golden stamens interspersed. Large fragrant flowers. 2.50 3.50

Mons. Martin Cahuzac. Very dark purple garnet with black reflex. 3.00 4.50

Richard Carvel. Very bright crimson. Large compact globular flower. Fragrant. 4.00 6.00

The Gem. Brilliant dark crimson flowers compact and beautiful. Produces great clusters when well established. 2.50 4.00

Single and Japanese

Akalu (Japan). Crimson—carmine, large flowers. 4.00 7.50

Catherine Parry. Single, early. Tall. Delicate shell pink shading to flesh white. 2.50 4.00

Cathedral (Japan). Blush with cream colored central filament petals. 4.00 7.50

Flashlight (Japan). Early Med. Guards light tryrian rose, narrow center petals amber yellow shading pink at base. 4.00 6.00

Foaming Wave (Japan). Carmine rose, very choice 4.00 6.00

King of England (Japan). Rich ruby madder; long narrow central petals, pure gold changing to gold striped carmine. 6.00

Mikado (Japan). Dark crimson with narrow filament petals edged crimson and tipped gold. 3.00 5.00

Petite Renee (Anemone). Mid. Med. Collar clear carmine—purple, central petals very narrow clear carmine striped white, yellow background. 1.50 2.50

Peonies to Color (Without Names)

Double White, Double Red, Double Pink

We offer these in strong divided roots at 50c. each; $5.00 per dozen. We hold an annual exhibition of Peony Flowers beginning early in June. At that time we publish "Henderson's Peony Guide" which we will forward free to all applicants.

PEONY CULTURE

Planting Herbaceous Peonies. The richest soil is none too good for the Peony and soils which retain a moderate degree of moisture are the best; inducing strong stems and large flowers. In setting out the roots, a space should be given large enough to allow them to develop into clumps, say a circle of three feet diameter.

The crowns of the roots should be about three inches below the surface of the soil when planted, and the earth should be firmed well all around them. After planting, the bed or border should be lightly covered with coarse manure and leaves.

Time For Planting. The best time for planting Peonies is in September because they will then make root growth before winter sets in, and bloom the following Spring. Peonies may be planted as late in the Fall as the ground can be cultivated; but it is better to have all planted by the beginning of November.

After Cultivation. Peonies thrive and increase in strength and beauty from year to year with but little attention, but there are several things that must be done. In the Fall after the ground freezes over, the tops should be cut off three inches above the ground and destroyed, and the ground covered with coarse manure as previously mentioned.

In the Spring, shake the mulch up, remove the coarser parts and spade the remainder into the ground around the plants.

During dry spells in April or May, the crop of flowers may be much increased by drenching the beds thoroughly once a week with water.

Peonies usually set three or more flowers buds to each stem; and if fine large flowers are wanted the small ones on each side of the large ones should be pinched off before the buds begin to show color.

For floral decorations long-stemmed Peonies are unsurpassed because the flowers are not only beautiful but lasting; especially so if they are cut before being fully developed. Half-open flowers are the best for this purpose, and they will gradually develop to full size when placed in water; lasting a week or more. Fresh water must be given every day, and a half inch of the stems cut off to remove the callus and allow the stems to absorb the water.

In the vicinity of New York City Peonies are in the full flush of bloom as follows:—Early vars., June 5th to 10th. Midseason vars., June 10th to 15th and Late vars., June 15th to 20th; but flowers will also appear in diminishing numbers later than these dates.
HENDERSON'S SPECIAL OFFERING OF
Roses, Hardy Perennial Plants, Hardy Shrubs,
Hardy Climbing Plants and Small Fruits
SELECTED FOR FALL PLANTING

PLEASE READ CAREFULLY BEFORE ORDERING PLANTS

The plants listed in this catalogue, excepting Roses, pages 24 to 30 inclusive, will be ready for shipment October 20th. The Roses are growing in pots and can be shipped at any time.

We will guarantee the safe arrival of all plants sent by Express or Parcel Post to all points in the United States. Should anything be injured in transit we urge our customers to notify us at once on receipt of the goods, and in every case send us a list of what has been damaged so that we can replace them without delay. But when they arrive in good condition our responsibility ceases, and if from inattention or other causes they fail and complaint is then made we cannot replace them.

We do not pay transportation charges on plants. For those of our customers who prefer to receive their plants by Parcel Post we will be pleased to ship that way if money for postage is included with the order, otherwise we will ship by Express, buyer to pay express charge on delivery.

PETER HENDERSON & CO., 35 Cortlandt Street, NEW YORK, N. Y.

Pot-Grown EVER-BLOOMING ROSES

John Russell. Beautiful both in bud and in fully expanded flower. Splendid form and rich color, a very large double flower of a brilliant deep velvety crimson.

Los Angeles. Produces a continuous succession of long-stemmed flowers of a luminous flame-pink, toned with coral and shaded with translucent gold at the base of the petals. In fragrance it equals Mareschal Niel. The buds are long and pointed, and expand into a flower of mammoth proportions.

Mme. Jules Bouche. A splendid Rose that should be in every garden, color salmon-white, center shaded rose. Large and full, well-formed flowers.

Mrs. Wakefield Christie-Miller. Color inside of petal soft pearly-blush shaded salmon, outside clear vermilion-rose. The blooms are of enormous size, retaining their wonderful bright coloring in the hottest sun.

Radiance. "Radiance" is a brilliant rosy-carmine, displaying rich opaline tints in the open flower; the form is fine, with cupped petals. The bud is large, the stems are long, buds and flowers are borne erect.

Red Radiance. It is a clear red sport of the well-known and popular garden Rose "Radiance." It inherits all the fine qualities of the latter—vigorous growth, erect branching habit, and healthy dark green foliage. The stems are long and rigid. Delightfully fragrant.

As a protection during the winter we suggest covering the ground around Rose plants with six inches of leaves. This should not be done, however, until severe cold weather sets in and should not be taken off until all danger of severe frost is over in the spring.

Hardy Climbing Roses

Bonfire. Remarkable for its fiery-red or intense crimson scarlet flowers which attract immediate attention. The giant trusses produced on the plants last for several weeks. Useful as a pillar rose.

Climbing American Beauty. A cross between American Beauty and an unnamed seedling. Color rosy crimson, identical with its pollen parent, the American Beauty, and with the same exquisite fragrance, a quality rarely found in climbing Roses. Of strong habit of growth, making shoots of from ten to fifteen feet in one season, hardy as an oak.

Dr. W. Van Fleet. First introduced by Peter Henderson & Co. The color is a remarkably delicate shade of flesh pink on the outer surface, deepening to rosy flesh in the center. The flowers are of delicate perfume, buds pointed, stems twelve to eighteen inches and fine for cutting. The foliage is a peculiar shade of bronze-green, large and glossy.

Paul's Scarlet Climber. The flowers, a vivid scarlet, are of good size, semi-double, very freely produced in clusters of from 3 to 20 flowers each on much branched canes, the plants being literally covered from top to bottom with bloom. It is of strong climbing habit and perfectly hardy.

Primrose. This variety fills the "long-felt want" for a "Yellow Rambler." It is a strong grower and hardy under climatic conditions that Dr. Van Fleet will stand. The color, a glowing shade of light primrose yellow maintained until the petals drop. Its flowers are about \( \frac{3}{4} \) inches in diameter and are generally borne in trusses of from 2 to 5 flowers on long stems.

Silver Moon. Silver Moon is the result of a most interesting cross. Rosa Wichuraiana X Rosa Sinica—Cherokee Rose. The flowers run four and one-half inches and over in diameter, clear silver white in color, petals of great substance and beautifully cupped. The center is filled with bright yellow stamens, a very attractive feature. It is very floriferous, foliage bronze-green and glossy. This variety was first introduced by us.

Price for any of the 2-year-old pot-grown Rose plants listed on this page $1.00 each; $10.00 per doz.

Henderson's Hardy Perennial Plants

Selected for Fall Planting—Continued

ANCHUSA ITALICA, or Alkanet

“Dropmore” Variety. A fine, large, hardy, herbaceous plant; 4 to 5 feet high. This new “Dropmore” variety is a great improvement on the type, the beautiful Forget-Me-Not-like flowers being much larger than others and of a lovely dentian blue, produced in long, loose sprays. Invaluable for the hardy border, as flowers are produced during the entire season and will continue to bloom into November. Price, 35c. each, $3.50 per doz.

HARDY ASTER BARR’S PINK

Coming into flower about the middle of September this is one of the showiest late flowering plants and adds a mass of color to the fall garden. The flowers are bright pink with a golden center. Price, 50c. each, $5.00 per doz.

DELPHINIUM FORMOSUM or Hardy Blue Larkspur

This beautiful hardy larkspur grows about 3½ feet high—bearing in June and July long spikes of showy, velvety, indigo-blue flowers. Make a grand border plant, and the spikes are fine for cutting. Price, 35c. each, $3.50 per doz.

FUNKIA UNDULATA MEDIA or Variegated Day Lily

The variegated “Plantation Lily.” Foliage striped white on green ground. Very useful for borders. Does well in partial shade. Price, 35c. each, $3.50 per doz.

GAILLARDIA GRANDIFLORA or Blanket Flower

Amongst the ever-blooming hardy plants there is none more showy or ornamental than this. Flowers borne in prodigal profusion from June to frost, useful for cut flowers. They are of gorgeous coloring, dark red-brown in center with bands of crimson-orange and vermillion, merit ing the popular title of “Aurora Flower.” Height, 2 feet. Price, 35c. each, $3.50 per doz.

New Early Flowering GYPSOPHILA EHRLEI

Gypsophila Ehrlei surpasses any that has ever been introduced. It is a distinct new form, early, pure white, double-flowering and not a type, the beautiful Forget-Me-Not-like flowers being much larger than others and of a lovely dentian blue, produced in long, loose sprays. Invaluable for the hardy border, as flowers are produced during the entire season and will continue to bloom into November. Price, 35c. each, $3.50 per doz.

PHYSOSTEGIA GRANDIFLORA VIVID

One of the most beautiful of our midsummer flowering perennials. This is a new variety growing from 18 to 24 inches high. The flowers are large, strong trusses. A very brilliant and excellent variety one of the best of this color.

THOR (Medium). Bright rosy-carmine, with claret-red eye.

Yucca Filamentosa

One of the hardiest and showiest plants we have. The flower spikes are borne in huge panicles above the sword-shaped foliage, which in itself has a sub-tropical effect. The large, white, waxy blooms are drooping in habit and the plant, whether in bloom or not, presents a highly ornamental effect. It can be used to advantage in any situation. Price, 50c. each, $5.00 per doz.
PLANTING PLAN OF THE IMPERISHABLE PERENNIAL BORDER

A sketch plan for a typical Hardy Perennial Border is shown at the top of this page. To make one like it 5 x 50 feet would require 100 plants. We list below 30 varieties of contrasting heights and colors and the number of plants for each group. The number after each variety gives the position in which they should be planted.

Special Offer. The Imperishable Border Collection, 100 plants, as listed above for $25.00. Should any of the above varieties be sold out when order is filled we will substitute similar sorts unless instructed to the contrary.

AMPELOPSIS VEITCHII
Sometimes called "Boston Ivy" and "Japan Ivy"

Entirely hardy in the most exposed places, attaining a height of 20 to 30 feet in two or three years, clinging to stones, brick or wood work with the greatest tenacity. It is a great protection to houses as the leaves, lapping over each other like slates on a roof, effectually prevent rain from penetrating the walls. For covering dead trees, boundary walls, etc. it has no equal. Beautiful autumn foliage. Price, strong, one-year pot-grown, plants, 35c. each, $3.50 per doz.

BIGNONIA RADICANS
or Trumpet Creeper

Well adapted for covering walls, arbors, and unsightly places where a showy flowering vine is desired. It is a rapid grower, perfectly hardy and thrive well in exposed places. The flowers are trumpet-shaped and a brilliant orange scarlet. Price, 50c. each, $5.00 per doz.

CELASTRUS SCANDENS
A rapid growing climber with ornamental light green foliage, yellow flowers in June and bright orange, yellow and crimson fruit in the autumn. It is known by the popular name Bitter Sweet. Price, 50c. each, $5.00 per doz.

JAPANESE HONEYSUCKLES

Lonicera Halleana. (Hall's Japan Honeysuckle.)
Pure white flowers, changing to yellow. Very free blooming and fragrant. Price, 50c. each, $5.00 per doz.

Lonicera Brachypoda. (Evergreen Sweet-scented Honeysuckle.) Flowers buff, yellow and white. One of the most vigorous. (See engraving.) Price, 50c. each, $5.00 per doz.

CLEMATIS, JACkMANII

The best-known and most valued variety. Color dark, rich royal purple. Price, $1.00 each, $10.00 per doz.

WISTARIA
Ornamental hardy climbers. Their lovely panicles of blue and white flowers produced in wonderful profusion are without a rival.

Wistania Sinensis White. Flowers in drooping clusters pure white. Price, $1.00 each.

Wistania Sinensis, Blue. Flowers in drooping clusters, soft lavender blue. Price, $1.00 each.

ENGLISH IVY
FOR WINDOW BOXES

The English Ivy is used extensively for window boxes and vases during the summer. Its value for outdoor window boxes in winter is recognized widely, as the display at the large hotels and fine private residences shows. It is also a good climbing plant for the house. For covering graves in cemeteries it is unsurpassed, being evergreen. Used extensively also as a hardy climber. (See engraving.) Price, plants from 4-inch pots, 2½ ft. and over, 50c. each, $5.00 per doz.
Althea (Rose of Sharon)
One of the best known ornamental shrubs; easy to grow and valuable for their late blooming. Grows to a height of 10 to 12 ft., and flowers in August and September. We offer Double White and Double Red. Price, 75c. each; $7.50 per doz.

Berberis Thunbergii (Japanese Barberry)
A low, spreading growth, forming a dense impenetrable bush. The branches are set with sharp thorns. Small yellow flowers in the spring followed by bright scarlet berries in the late summer and fall. The foliage turns orange and scarlet in the autumn. A valuable hedge plant, especially interesting because of its graceful drooping habit. Height 4 to 6 ft. Price, 35c. each; $3.50 per doz.; $25.00 per 100.

Buddleia Magnifica (Butterfly Shrub)
The long, graceful spikes of flowers are of a pleasing, rich violet rose and are produced in profusion from early June until late Autumn. Price, 75c. each; $7.50 per doz.

Calycanthus Floridus (Strawberry Shrub)
A strong, upright grower with large, handsome foliage. Peculiar reddish-brown sweet scented flowers in May. It grows to a height of 6 to 8 ft. and will thrive either in sunny or shady places. Price, 75c. each; $7.50 per doz.

Deutzia
*Deutzia Crenata. Flowers pure white tinged rose color. Height 6 to 8 ft. Blooms in June and July. Price 75c. each; $7.50 per doz.
*Deutzia Pride of Rochester. Double white flowers in June and July. Height 6 to 7 ft. Price, 75c. each; $7.50 per doz.

Hydrangea Arborescens Grandiflora
A variety of H. arborescens, recently discovered. The heads of flowers are in shape like H. hortensis; they are snowy white. It is a true shrub, begins to bloom in early summer and continues into the fall, so that it is practically ever-blooming. After H. paniculata grandiflora has lost its color this variety is still fresh, eventually turning to a light green and then brown. It is a graceful shrub and is destined to achieve the widest popularity. It attains a height of 6 ft. and the same width, and is literally loaded with its grand panicles of large snowy white flowers, one of the grandest sights imaginable. Price, strong two-year-old plants, 2 to 3 ft. high, $1.00 each; $10.00 per doz.

Hydrangea Paniculata Grandiflora
This is the most popular hardy shrub in cultivation. It attains a height of 8 to 10 ft.; perfectly hardy in all parts of the country. The flowers are white when first open, but change to pink and russet brown. They are borne in immense pyramidal panicles, nearly a foot in length. It commences flowering in August and continues in bloom the rest of the season, the flowers drying on the bushes. (See illustration.) Price, strong plants, 2 ½ to 3 ft. high, 75c. each; $7.50 per doz.
A Selection of the Best
Hardy Flowering Shrubs—Shrubs continued

Lilac

These old-fashioned shrubs are always popular and with the present revival of the "old-fashioned" garden no collection is complete without them. Everyone wants lilacs in May. They add beauty and sweetness to any surroundings with their exquisite plumes of purple and white flowers. (See illustration.)

Lilac Purple. The old-fashioned purple variety. Height, 12 to 14 feet. Price, 75c. each; $7.50 per doz.
Lilac White. Beautiful pure white flowers. Height, 12 to 14 feet. Price, 75c. each; $7.50 per doz.

*Philadelphus

Very desirable free-blooming shrubs of erect habit and easiest culture in any common soil. The sweet scented variety Coronarius or Mock Orange is almost as well known as the Lilac. (See illustration.)

Philadelphus Coronarius. (Mock Orange.) Sweet scented, pure white flowers. Height, 8 to 10 feet. Price, 75c. each; $7.50 per doz.
Philadelphus Lemoinei. An improved variety. White flowers in June. Height 6 to 8 feet. Price, 75c. each; $7.50 per doz.

Prunus Triloba, Double Flowering Plum

A most ornamental early flowering shrub of vigorous growth. The light pink double flowers are produced in early spring before the leaves develop. Height, 4 to 6 feet. (See illustration on page 28.) Price, 75c. each; $7.50 per doz.

Symphoricarpus Racemosus, (Snowberry)

An old favorite. In July and August it has small pink flowers which are followed by great numbers of large pure white, waxlike berries in clusters that remain until freezing weather. Conspicuous and interesting. Price, 75c. each; $7.50 per doz.

Spirea

The Spireas will grow in almost any soil but thrive best where the ground is moist and well drained.

Spirea Anthony Waterer. Carmine crimson flowers from June to November. Height, 2 to 3 feet. Price, 75c. each; $7.50 per doz.

Spirea Prunifolia. (Bridal Wreath.) One of the showiest spring shrubs. In May the branches are covered with small double white flowers. Height, 6 to 8 feet. Price, 75c. each; $7.50 per doz.

Spirea Thunbergii. Of dwarf bushy habit, rarely exceeding 3 feet in height. White flowers in April and May. Price, 75c. each; $7.50 per doz.

Spirea Van Houttei. Flowers of pure white, borne in greatest profusion in June. Very showy. Height, 8 to 10 feet. (See illustration.) Price, 75c. each; $7.50 per doz.

Viburnum Plicatum

(=Japan Snowball)

One of the choicest hardy shrubs. A strong growing bush with spreading branches and wrinkled foliage. The snow-white flowers are produced in June and are much larger than the common snowball. Height, 8 to 10 feet. Price, 75c. each; $7.50 per doz.

*Weigelia

It is safe to say there is no shrub more deservedly popular. All of the varieties are very ornamental and should be found in every collection.

Weigelia Candida. White flowers in great profusion from June to November. Height, 6 to 8 feet. Price, 75c. each; $7.50 per doz.
Weigelia Eva Rathke. Very distinct. Color deep carmine red. Flowers continuously throughout the summer and autumn. Height, 6 to 8 feet. Price, 75c. each; $7.50 per doz.
Weigelia Rosea. Rich rose colored flowers in June and July. A beautiful shrub. Height, 6 to 8 feet. Price, 75c. each; $7.50 per doz.

California Privet for Hedges

(See illustration)

The illustration shows a section of a hedge of the famous California Privet. Of all the shrubs which have been tried for hedging, none can compare with this. Of easy growth and splendid foliage, free from insects, Its inexpensiveness alone would give it first place for the purpose. It is now planted by the million annually.

Price, strong shrubs, 1 ½ to 2 feet high, $1.00 per doz.; $6.50 per 100; $60.00 per 1,000; extra strong, 2 to 3 feet high, $1.50 per doz.; $8.50 per 100; $80.00 per 1,000.

Our Pamphlet on the Pruning and Care of Hardy Shrubs and California Privet sent free on application.
Henderson’s Selected Hardy Grape Vines

Caco or Catawba-Concord

A cross between the old favorite Catawba and the well-known Concord. It ripens a little in advance of the Concord. This variety fully equals the Concord in strength and rapidity of growth and is very hardy. The color is a rich, sparkling wine-red, with abundant bloom. Bunch large; berry medium to large and almost round. The crowning merit, however, is its quality, surpassing in tenderness of pulp, luscious flavor and aroma the Catawba, while it is as prolific as the Concord. (See engraving.) Price, 2-year vines, $1.00 each, $10.00 per doz.

Campbell’s Early

Some points of special merit in Campbell’s Early are a very strong, vigorous, hardy vine, with thick, heavy mildew-resistant foliage, and bearing abundant clusters; very large, compact and handsome. Berries large, often an inch or more in diameter; black with light purple bloom; skin thin, but very tenacious; flesh firm but tender, parting easily from its few and small seeds. Flavor rich, sweet, slightly vinous, free from foxiness. Its season is very early, and its keeping qualities remarkable; having hung upon the vines sound and perfect for six weeks or more after ripening, with no tendency to fall off. Price, 2-year vines, $1.00 each, $10.00 per doz.

Green Mountain

(‘Winchell.’) This, the earliest white grape, has been thoroughly tested over a wide area. It combines hardiness, fruitfulness, vigor, good size and excellent quality. Bunch medium to large, shouldered; berries medium, greenish-white; skin thin, tough, pulp tender, sweet, with few seeds; the flavor is excellent. Price, 2-year vines, $1.00 each, $10.00 per doz.

Concord

Generally considered the best American Grape. Bunch and berries large; color black with a rich bloom. A strong grower, very hardy, healthy and productive. The variety used exclusively for grape juice and a reliable sort for general cultivation. Price, 2-year vines, $1.00 each, $10.00 per doz.

Delaware

An old standard variety. Berries small and compact, skin thin but firm, flesh juicy, very sweet and refreshing. A moderate grower it responds quickly to good culture. Price, 2-year vines, $1.00 each, $10.00 per doz.

Niagara

The old favorite white Grape. Bunch large and handsome. Berries medium size, round, skin thin, tough, does not crack and ships well, sweet with a flavor and aroma peculiarly its own. Ripens with Concord or a little earlier. Price, 2-year vines, $1.00 each, $10.00 per doz.

New Blackberry—“Joy”

(If wanted by Parcel Post add 10c. per doz.)

An excellent new midseason variety for the home garden. The berries are of large size and superb quality, with a flavor that is rich, sweet and luscious. They are almost as thick as they are long and coal black. The canes are ironclad hardy, of stocky, vigorous habit; so stout and strong that they do not need staking. It is one of the most reliable of all blackberries and never fails to mature a large crop. (See engraving.) Price, $2.00 per doz., $10.00 per 100.

Blackberries Post add 10c. per doz.

Eldorado. The berries are very large, jet black, and ripen well together. Exceptionally sweet and melting, being without core.

Mersereau. A mammoth early, ironclad hardy berry. Exceptionally sweet and melting, being without core.

Newberry Lucelia or Creeping Blackberry, conceded to be the best of its class for firmness, sweetness and size. Very early.

Price for the above, $1.00 per doz., $6.00 per 100.

Cardinal. This wonderful berry is a surprise in the fulness of its merits, great growth, extreme hardiness and wonderful productiveness. It will grow 10 feet high and bear accordingly, producing its choice, rich, red, fruit in marvelous abundance.

Miller. An early variety, large fruited and profuse bearer; vigorous grower, with large abundant foliage; color brilliant red; sweet, luscious flavor.

The King. The earliest red raspberry grown. Large fruits, firm, beautiful light crimson color; the quality is excellent.

Price for the above Raspberries, $1.00 per doz., $6.00 per 100.

New Continuous-Fruiting Red Raspberry St. Regis (If wanted by Parcel Post add 10c. per doz.)

Fruits from June to Frost

It is the earliest of all red raspberries; beginning to ripen in New Jersey from June 15th to 20th—just as the strawberry crop is waning.

It is wonderfully prolific: the first or main crop being far greater than that of any other red variety known; it succeeds upon all soils, and the canes are absolutely hardy.

It fruits on the old canes in generous quantities until late in August. By that date berries begin to ripen upon the young canes, which continue to produce berries in increasing numbers until severe frost.

The berries are a bright crimson, of large size and surpassing quality—rich sugary, with full raspberry flavor. They are of exceedingly meaty, firm texture and keep in good condition longer after being gathered than any other red raspberry.

Price, transplanted plants, $1.50 per doz., $8.00 per 100.

The “Garden Culture of Small Fruits” gives practical instructions on planting and culture. Send free to customers on application.

**HENDERSON’S GIANT PANSY SEEDS FOR SOWING THIS FALL**

GROWING PANSIES FROM AUTUMN-SOWN SEED: Sow the seed in July, August or the early part of September in the open ground on a finely prepared seedbed sheltered from hot sun, or protect with a light covering of hay or straw or even burlap, to keep the ground moist until the seedlings are up. Thin the seedlings to 3 or 4 inches apart—in about 6 weeks the young plants can be removed to their permanent flowering quarters, where they may be kept snug covered with hay to a depth of about 3 inches after freezing weather sets in. Another way to winter over autumn-grown seedlings is to transplant them 3 to 4 inches apart according to their size into coldframes, and transplant to flowering quarters as early in the spring as possible.

The Pansy is hardy with slight protection, and thrives best when grown cool. In hot exposed situations it deteriorates rapidly.

**HENDERSON'S COLLECTION OF 12 GIANT PANSIES**

This Collection contains one packet each of 12 of the largest and most beautiful Pansies in cultivation. Price, $1.00

---

**HENDERSON'S MAMMOTH BUTTERFLY**

This "Butterfly" race originated from selections made by the late Peter Henderson—who was particularly fond of Pansies—from the best American, English, Scotch, French and German varieties. This process of selection has been followed in by us ever since, and from the legion of "most beautiful" Pansies among Henderson's Butteflies we have chosen this offering.

**HENDERSON'S GIANT MAMMOTH PARISIAN**

The Parisian Pansies are distinguished by their varied colors and strong markings. There is a large "blotch" on each of the five petals, with a band of some strikingly contrasting color, over all of which is thrown a checker-like netting of yet another hue.

**HENDERSON'S GIANT RUFFLED**

A remarkable strain of Giant Pansies, the flowers of which are so large and full that the broad petals seem to be "gathered" to the stem, causing them to be fluted from center to circumference, not unlike "frilled" velvet. The unusual substance of the flowers, enables them to present bold, open and handsome faces, during windy or dry summer weather, when other Pansy flowers droop or wilt. The flowers "frilled" velvet. The unusual substance of the flowers, enables them to present bold, open and handsome faces, during windy or dry summer weather, when other Pansy flowers droop or wilt. The flowers are borne on strong stems well above the foliage and contain rich cavities for seed. The flesh is solid and the seed cavities have scarred any core.

**HENDERSON'S GIANT CRIMSON TURNIP**

This beautiful variety is especially adapted for forcing, having a small compact head. The flowers are borne on strong stems above the foliage and contain rich cavities for seed. The flesh is solid and the seed cavities have scarred any core.

</table>
Bone Meal
The Safest and Best Fertilizer for Bulbs

It is for its slow disintegrating and long lasting qualities that Bone Meal is so very desirable for fertilizing all hard wood plants, including flowering shrubs, fruit bushes, flowers, and the like.

As there is absolutely no danger of burning or causing rot in fleshly bulbs, including Tulips, Hyacinths, etc., a liberal application of Bone Meal mixed into the soil before planting them will be amply repaid for by the remarkable size and brilliancy of the flowers obtained.

For lawns it is a dependable fertilizer, as it contains the essential elements that grass requires. It may be broadcast as a top-dressing at any time either in early spring or during the growing season with beneficial results. Farm crops, grains, etc., are all improved with the use of Bone Meal.

Quantity Required. For lawns, pasture and mowing lands, 10 lbs. to 200 sq. feet or 1/2 to 1 ton per acre. For trees and vines, 2 to 4 lbs. each. For field and garden crops, 1/4 to 1 ton broadcast and banded in. For rose beds, potato plants, etc., one part to about fifty of soil.

Price, Henderson’s Medium Fine, 5 lbs., 60c.; 10 lbs., $1.10; 25 lb. bag, $2.00; 50 lb. bag, $3.00; 100 lb. bag, $5.00; per ton, $65.00. See Special Notice on top of page regarding prepayment.

Makes High Grade Manure from Leaves and Garden Waste

Adeo Artificial Stable Manure. Dry leaves, mixed with Adeo and kept moist, turn into excellent manure. So do flower stalks, cuttings, pea vines, potatoes, and many other kind of vegetable waste.

A powder which, mixed with vegetable matter and kept moist, turns the latter into real manure, but without the odor, flies, etc. Each package is accompanied by simple directions.

Price, Henderson’s Medium Fine, 5 lbs., 60c.; 10 lbs., $1.10; 25 lb. bag, $2.00; 50 lb. bag, $3.00; 100 lb. bag, $5.00; per ton, $65.00. See Special Notice on top of page regarding prepayment.

Peat Moss, Granulated

This is an imported product consisting of the deposits of decayed moss. It adds organic matter (humus), improves the texture, conserves moisture and aerates the soil.

Granulated Peat moss is used extensively for mixing in soil for pot plants, and is an excellent medium in which to grow bulbs. The rich mellow texture that it imparts to the soil with which it is incorporated puts the soil in ideal condition for the making of a lawn, a flower or vegetable garden. It is also used for mulching Perennial and Rose beds as well as around Evergreens and for packing and storing bulbs.

Price, per box weighing about 14 lbs., enough to cover 16 sq. ft., 1 in. deep, $1.50. Postpaid up to 2nd Zone from New York City (150 miles). Large bales, weight about 170 lbs., 19 to 20 bu., covers 240 sq. ft., 1 in. deep. $4.00. Purchaser pays transportation charges.

Lawn Enricher and Top Dresser

For New and Old Lawns, Athletic Fields, Golf Courses, etc. It is Odorless, and Quickly Induces a Luxuriant Green Growth

For forming a new lawn a 10-lb. package is sufficient to go over an area of 200 square feet, or 1,000 to 1,500 lbs. per acre, at a smaller quantity for renourishing an old lawn. Apply broadcast with machine or by hand as evenly as possible on a quiet day and preferably just before rain. If applied during the summer use half of the quantity and water in thoroughly with a hose.

Price, 5 lbs., 60c.; 10 lbs., $1.10; 25 lbs., $2.25; 50 lbs., $3.00; 100 lbs., $5.50; 500 lbs., $22.50; 1,000 lbs., $40.00; 2,000 lbs. (1 ton), $75.00. See Special Notice on top of page regarding prepayment.

Henderson’s House Plant Fertilizer

A safe, clean and high-grade fertilizer free from disagreeable odor, prepared especially for feeding plants grown in pots. It is a wonderful in¬
an ideal mold for window and porch boxes and all house plants, also for starting seedlings indoors.

Excellent for mulching or top-dressing roses, evergreens and fruit trees.

For lawns, use 400 lbs. per 1000 square feet, broadcast evenly and rake well into the soil. If properly done, the growth of the grass will be tremendously stimulated. When repotting plants this product is indispensable in the preparation of the soil.

Price, 25 lbs., $1.25; 50 lbs., $2.50; 100 lbs., $5.00; 1000 lbs., $10.00; 1,000 lbs., $18.00; 2,000 lbs. (1 ton), $30.00. See Special Notice on top of page regarding prepayment.

Lime, Hydrated—Finely Pulverized

The value of lime as a soil improver is so well known that little need be said about it here. Although it possesses little fertilizing value in itself, it is indispensable for correcting acid soils, improving the mechanical condition of the soil, and a necessary addition in the preparation of the soil.

Price, 5 lbs., 45c.; 10 lbs., 75c.; 25 lbs., $1.50; 100 lbs., $3.00; 200 lbs., $12.50. See Special Notice on top of page regarding prepayment.

SPECIAL NOTICE.—We prepay transportation charges on Fertilizers by parcel post, express or freight at our option within the first and second zones (150 miles of New York City). Purchasers, beyond these zones, pay transportation charges.
HENDERS'NS BANNER SPRAYER

None Better for the Medium Sized Garden or Small Orchard

For spraying vegetable crops, flowers, trees, bushes, shrubs, etc., also for spraying whitewash disinfectants and oils in chicken coops, barns, stables, etc. It sprays anything in liquid form, and can also be used as a fire extinguisher.

The tank is well made of heavy solid brass, or heavy galvanized steel, double seamed and well riveted, to stand heavy pressure. Tank has double bottom to withstand heavy knocks against stones or on concrete floors.

**Pump**, heavy stainless brass with cast brass pump head. Pump screws into center of tank and a few strokes of the pump charge the tank with compressed air, and by releasing the lever control spray pours forth in a fine broad mist, or long distance spray according to the adjustment of nozzle. Each pump is equipped with shoulder strap adjustment with snap ends for quickly removing.

**Hose**, 2-ft. of ½ inch best grade, with coll spring to prevent breaking when not in use, and in addition a brass rod 2-ft. long with angle neck to allow easy spraying underneath leaves.

**Nozzle**, automatic, non-clog. Capacity about 3 ½ gallons.

Price, $2.25. Transportation paid.

Compressed Air Atomizer and Sprayer

The most perfect small hand compressed air sprayer made. Delivers a continuous fog-like spray. Is fitted with straight and adjustable nozzles, making a perfect underneath sprayer. In fact, spray can be delivered at any angle or position desired. Made in solid sheet copper, highly polished; holds one quart. (See engraving.)

Price, $2.25. Transportation paid.

**Henderson's Perfecto Window Box**

Henderson's Perfecto window boxes for flowers are recognized by scientific gardeners and florists as the correct idea in construction for No. 2. 26 inches long, 6 inches deep, 7 inches wide... 

The problem is solved by growing house plants and porch plants.

Which will neither rust nor deteriorate like plain galvanized iron and is the box is in the open and during heavy rainfall.

Where you want it.

No. 4. 38 inches long, 6 inches deep, 7 inches wide... 4.00

No. 1. 20 inches long, 6 inches deep, 7 inches wide.$1.75

No. 3. 26 inches long, 6 inches deep, 7 inches wide 2.25

No. 2. 26 inches long, 6 inches deep, 7 inches wide 2.75

No. 4. 38 inches long, 6 inches deep, 7 inches wide 4.00

Transportation paid.

Rubber Plant Sprinklers

For sprinkling cut flowers, seedlings, clothes, etc. A pressure on the bulb ejects the water in a fine spray. Prices, straight neck, 8 oz. size, $1.25; 10 oz. size, $1.50.

Angle neck, 8 oz. size, $1.25; 10 oz. size, $1.50. Transportation paid.

Hot Bed and Mushroom Bed Thermometer

Brass-tipped point encloses the temperature bulb, it is simply thrust into the soil or bed. Best grade.

Transportation paid, $3.00.

Perfect Rubbish Burner

Every portion of this Burner is welded together by electricity. It is especially adapted for burning leaves and litter from lawns and gardens, also for Parks Department, Stores, School Houses, Public Buildings, and City Streets. The Burner is made of heavy material and will give long service. It is made of 1 ½ by No. 14 gauge steel, the bottom and lid are of No. 12 galvanized wire.

Prices, small size, 15 x 24 in. $9.00; large size, 20 x 35 in. $15.00

Purchaser pays Transportation.

Henderson Rubbish Burner

Also Valuable for Storage of Apples, Potatoes, Roots, Etc.

Manufactured of heavy galvanized wire, strong and durable, welded at all joints, suitable for disposal of waste paper and all kinds of rubbish.

No. 2. 24-in. high, 18-in. diameter top, 14¾-in. diameter bottom. Price, $2.50

No. 3. 28-in. high, 20-in. diameter top, 16½-in. diameter bottom. Price, $3.50

Purchaser pays transportation.

Cedar Tree Tubs

The cut illustrates our regular style tree tubs—this being our first or original type. These tubs are made of seasoned selected Virginia White Cedar, have heavy castings and are trimmed with extra heavy flat steel hoops. These tubs are painted both inside and out with best oil paints, and the hoops and castings are trimmed in a jet black paint. On this style we use a removable bottom. Substantially made, handsome and attractive, and every tub guaranteed.

Purchaser pays transportation.

**Henderson's Cortlandt Tub**

For Specimen Plants and Trees

These Tubs are made of Specially Selected Seasoned Cypress.

Painted Green inside and out with best Oil Paint. Smooth, rounded, beveled Top Rims.

Electric welded wire hoops, stapled and clinched. Neat, strong and serviceable.

**Pack**

Wt. No. Top Deep Each

3 lbs. A1—11 x 10 $1.40

5 lbs. B2—12 x 11 1.60

6 lbs. C3—14 x 13 2.50

8 lbs. D4—15 x 14 3.00

Purchaser pays transportation.
Insects that suck the juices from Plants, Foliage, etc., such as lice, green, black and white aphis or fly, mealy bug, red spider and scale, must be destroyed by contact insecticides. Those in powder form kill by the breathing pores in the insect's skin; or in liquid form, by being absorbed through their pores. The best contact insecticides in powder form are Bug Death, Hellebore, Slug Shot and Tobacco Dust. The best fluids are Aphinex, Black Leaf 40, Evergreen, Fish Oil Soap, Kerosene Miscible Oil, etc. For San Jose, Oyster and Scurfy Scale, use LIME SULPHUR, SCALECIDE, etc.

Insects that Eat Plants, Foliage, Vegetables, Fruits, Flowers, etc., whether bugs, beetles, worms, caterpillars or slugs, are more quickly and effectually destroyed by a poisonous stomachic insecticide such as Arsenate of Lead, or Hellebore. Less poisonous stomachic and contact insecticides are Bug Death, Evergreen, Kerosene, Miscible Oil, Slug Shot, etc. For Blights, Rust, Black Spot and Fungus Diseases, use BORDEAUX MIXTURE, FUNGINE, FUNCTROGEN, PYROX, etc.

NOTICE.—Customer pays transportation. Poisons and liquids not mailable. Allow postage on mailable insecticides.

**Ant Killer.** A very effective and much needed product for use on lawns, sports courses, golf courses, etc. Not mailable. Can be shipped by express only.

- Price, 50c. each tin: $5.50 per dozen. Purchaser pays transportation.

**Aphinex.** Very powerful, soluble in water, applied as a spray, wash or dipping solution. It kills aphis, thrip, red spider, slugs, ants, mealy bug, scale. Price, 1 gal., 25c.; ½ pint, 40c.; 1 pt., 65c.; qt., $1.00; gal., $3.00. Not mailable. Purchaser pays transportation.

**Arsenate of Lead Powder.** For dusting mixed with Hydrated Lime or road dust or in liquid form. To kill most chewing insects on Plants, Trees, Shrubs, etc. Is far superior to Arsenate of Lead Paste, which contains a large percentage of moisture leaving a small amount of active ingredients that deteriorate rapidly.

- Price, 1 lb., 30c.; 5 lbs., $2.00; 10 lbs., $3.60; 25 lbs., $8.00; 100 lbs., $22.00. Not mailable. Purchaser pays transportation.

**Black-Leaf 40.** One of the best-known and most widely-used products for the effective and economical control of sucking insects. For Delousing poultry—"paint" Black Leaf 40 on top of roosts shortly before roosting time. It "works while they roost."

- Price, 1 oz. bottle, 30c.; 1 lb., $1.25; 2 lb., $3.25; 10 lb. can, $11.85. Not mailable. Purchaser pays transportation.

**Bordo and Arsenate of Lead Powder.** A combined insecticide and fungicide, kills bugs and prevents many diseases such as Mildew, Blight. Not and Fungi. Can be used as a wet or dry spray. We advocate the use of Bordo and Arsenate of Lead Powder in preference to paste form as it mixes more readily and holds its strength better and is more convenient to handle.

- Price, 1 lb., 30c.; 5 lbs., $2.00; 10 lbs., $3.50; 25 lbs., $8.60; 100 lbs., $24.00. Not mailable. Purchaser pays transportation.

**Bordeaux Mixture, Powdered.** For blight, mildew, rust, etc. It has all the advantages of paste, with double the strength. Goes twice as far. Used for dry dusting or spraying. Dilute 1 pound to about 6 gallons of water for 3-50 formula. Price, 1 lb., 30c.; 5 lbs., $1.50; 10 lbs., $2.75; 25 lbs., $5.75; 100 lbs., $18.00. Not mailable. Purchaser pays transportation.

**Calcium Arsenate Powder.** Used for spraying potatoes, cotton, tobacco, against chewing and leaf-eating insects; kills quick. Sticks to leaves, mixes easily with water and can be used either wet or dry; can be combined with Lime Sulphur or Bordeaux Mixture. One pound makes about 40 to 50 gallons. Price, 1 lb., 35c.; 5 lbs., $1.50; 10 lbs., $2.50. Not mailable. Purchaser pays transportation.

**Copper Solution, Ammoniated.** A fungicide for spraying when fruits are nearing maturity, or plants in bloom. One quart is sufficient for 25 gallons of spray. Price, 1 qt., $1.25; 1 gal., $4.00. Not mailable. Purchaser pays transportation.

**Evergreen (Non-Poisonous).** Will not injure or discolor the most tender plant; HARMLESS to man, birds or animals, yet deadly to sucking and chewing insects, such as Aphis, Thrip, Rose Bug, Red Spider and Bean Beetles. One ounce makes up to six gallons of spray. Price (postpaid): 1-oz. bottle, 45c.; 6-oz. bottle, $1.15. By express at purchaser's expense: 16-oz. bottle, $2.00; 1 gallon, $13.00; 5 gal., $50.00.

**Fish Oil Soap.** (Whale Oil Soap.) A wash for insects and eggs on the bark, and for smearing the trunks of trees to prevent worms from crawling up. Price, 35c. per lb.; 5 lbs., $1.60; 10 lbs., $3.00. For packed weight add one pound. Purchaser pays transportation.

**Lime Sulphur Solution.** For scale insects on trees and such fungi's bark diseases as can be treated in winter. Dilute and spray with a spray pump while trees are dormant, in fall, winter or spring. Price, qt., can., 50c.; gal., $1.25; 5 gal. can, $4.00; barrel of 50 gallons, $15.00. Not mailable. Purchaser pays transportation.

**Lime Sulphur (Powdered).** For dormant spraying of fruit and shade trees and bushes against San Jose and Oyster Shell Scales; also for peach leaf curl and brown rot of peaches. 1 lb. makes 3½ to 5 gallons. Price, 1 lb., 30c.; 5 lbs., $1.75; 10 lbs., $3.25. For packed weight add one pound. 25 lbs., $6.50. Purchaser pays transportation.

**Nico-Fume (Liquid).** A modern insecticide for vaporizing and spraying. Price, 1/4 lb., 75c.; 1 lb., $2.00; 4 lbs., $6.25; 8 lbs., $11.50. Not mailable. Purchaser pays transportation.

**Nico-Fume Paper.** For fumigating greenhouses, conservatories, etc. Per box of 24 sheets, $1.25; $5.00 for 144 sheets: 288 sheets $8.75. Post Paid.

**Nico-Fume Tobacco (Powder).** For fumigating greenhouses. Lights quickly, burns evenly, will not go out. No waste; every particle consumed. Protects greenhouses against ravages of insect pests, such as Aphis and Thrip.

- Price, 1 lb., 35c.; 5 lbs., $1.00; 5 lb. tin, $3.75; 10 lb. tin, $6.85. Purchaser pays transportation.

**Scalecide.** Used for the destruction of the San Jose scale. Dilute at the rate of one gallon to twenty gallons of water. Scalecide does not clog nozzles, hose or pump, and is pleasant to use. Trees may be sprayed in winter and early spring before they start to come to bud. Price, qt., 75c.; gal., $1.75; 5 gal., $6.25; 10 gal., $10.60; 15 gal., $13.50; 30-gal. bbl., $25.00; 50-gal. bbl., $35.50. Purchaser pays transportation.

**Tobacco Powder.** Fumigating. Extra strong dust for fumigating. Price, 25 lb. bag, $2.00; 50 lb. bag, $3.50; 100 lb. bag, $6.00. Express or freight. F.O.B. N.Y.

**Tobacco Stems.** For fumigating and as a fertilizer. Bale, about 100 lbs., $4.00 Express or freight. Purchaser pays transportation.

**Tree Tanglefoot.** No crawling insect can pass a band of tree tanglefoot. One pound for 12 foot band 4 inches wide 1-16 inch thick. Price, 1 lb., 60c.; 5 lbs., $2.75; 10 lbs., $5.25; 25 lbs., $11.00. Add one pound for packed weight. Purchaser pays transportation.

**Tree Wound Paint.** Is an insurance against decay, having penetrating, antiseptic and elastic waterproofing qualities. Sun and rain cannot cause the coating to break from the treated wood. Price, pt., 65c.; qt., $1.20; gal., $3.00; 5 gals., $12.50; 5 bbl., $50.00; bbl., $90.00. Not mailable. Purchaser pays transportation.

**Wilson’s O.K. Plant Spray.** For roses, chrysanthemums, evergreens, and all plants affected with scale or insects, under glass or outside. Price, 1/5 pt., 40c.; qt., $1.00; gal., $3.00; 5 gals., $12.50; 1/5 bbl., $50.00; bbl., $90.00. Not mailable. Purchaser pays transportation.

Henderson’s Spraying Calendar Tells Time to Spray and What to Spray. Sent free on application.
Books on Gardening

Delivered Transportation Paid in U. S. and Possessions

Henderson's Handbook of Plants. By Peter Henderson. The standard dictionary of plants, including vegetables and fruits; a complete work on cultivated plant life. 526 pages, profusely illustrated, price. $3.50.

Gardening for Pleasure. By Peter Henderson. Was written to meet the wants of those desiring information on gardening for private use. Its scope therefore embraces directions for the culture and propagation of all vegetables, fruits, flowers, fruits and vegetables, and many other garden points. It is of convenient pocket size, 5 x 8 1/4 inches, containing 64 pages of text including index. Also 12 pages, one for each month for a diary. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . ...
The Most Beautiful Lawns in America
ARE MADE WITH
Henderson’s Special Mixtures of Lawn Grass Seed

**Shady Nook**

On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into Grass, but with this mixture there need be no further difficulty. It is a combination of fine, dwarf growing, evergreen varieties, which in their wild or natural state are to be found growing in the woods or other sheltered and shaded spots. Ground that has been densely shaded by trees is frequently “sour” and if the drainage is defective it is apt to be covered with moss and coarse Grasses. In such cases an application of slaked lime, at the rate of one hundred pounds to each thousand square feet, or two tons to the acre, is an excellent corrective and sweetener, but the moss should be first raked off.

Price, transportation paid in the U. S., 60c. qt.; $2.00 for 4 qts.; $3.50 pk.; $6.50 ½ bu. of 10 lbs.; $12.00 bu. of 20 lbs.; $35.00 per 100 lbs.

**Sunny South**

It is especially prepared for the South, and contains all the best Grasses that are by nature adapted for hot, dry situations. In the South, Bermuda Grass is frequently used, but it remains green only in the summer months turning brown in winter; but by using this mixture, and with some care and attention to watering, an all-the-year-round lawn can be maintained in Southern States where Grasses do not usually thrive.

Price, transportation paid in the U. S., 60c. qt.; $2.00 for 4 qts.; $3.50 pk.; $6.50 ½ bu. of 10 lbs.; $12.00 bu. of 20 lbs.; $35.00 per 100 lbs.

“Standish Park is a beautiful park and has a charming lawn that would vie in beauty with a well-kept English lawn. The Henderson Lawn Grass Seed and the Henderson “Shady Nook” Grass Seed were used and under every tree the grass is growing vigorously.”

JOHN VAN NESS STANDISH, Pres. Park Commission, Galesburg, Ill.

“I used Henderson’s seed two years ago and found it very satisfactory. Last year, being in a hurry, I made use of seed secured from a local landscape gardener and raised the finest crop of weeds in the entire state. So you can see that I am returning to you, my “first love.”

RAY B. GOETZ, Wheeling, W. Va.

**Terrace Sod**

A special mixture of Grasses best suited for sowing on terraces, embankments and hillside; Grasses that produce long, strong, spreading roots, thus preventing heavy rains from washing them out; that will withstand draught and exposure, thrive on shallow soils, and at the same time produce a rich, velvety-green turf throughout the season. There need be no fear of introducing coarse Grasses into your lawn by sowing this mixture, for, though strong-rooted, the Grasses are equally as fine-leaved as those used in the “Henderson Lawn Grass” mixture.

Price, transportation paid in the U. S., 60c. qt.; $2.00 for 4 qts.; $3.50 pk.; $6.50 ½ bu. of 10 lbs.; $12.00 bu. of 20 lbs.; $35.00 per 100 lbs.

“Just a line to let you know how wonderful your “Terrance Sod” grass seed is. It came up soon after sowing and has taken a firm hold.”

FRANK SCHELE, Alton, Ill.

“We want to let you know that we are great boosters of your Henderson’s Lawn Grass seed. We are always very glad to tell others and have sent you a number of customers.”

MRS. L. A. GABLE, Maywood, Calif.

**Seaside**

Along our sea coast there are many beautiful summer homes and resorts with such sandy saline surroundings that a turf of the favorite lawn Grasses cannot be produced. We have so often made up a mixture of special Grasses to thrive under these trying conditions that we have concluded to offer it for the benefit of others who may be having the same “trouble in getting Grass to grow.” Our “Seaside” mixture will make a good turf of green on sand where the finer Grasses are not so likely to thrive, though, of course, the sand must be top-dressed with not less than 2 inches of soil before even our “Seaside” Grass Seed is sown, to enable the young Grass to get a start, after which the long roots—peculiar to the varieties we use in this mixture—drive down deeply in the sand and remain permanently self-sustaining, if attention is given to sprinkling during dry weather.

Price, transportation paid in the U. S., 50c. qt.; $1.65 for 4 qts.; $3.00 pk.; $5.50 ½ bu. of 10 lbs.; $10.00 bu. of 20 lbs.; $45.00 per 100 lbs.
Autumn Is the Best Time to Make a Lawn

The “HENDERSON” Lawn Grass Seed

Sown in the Autumn, produces Enduring Turf which will withstand Summer Droughts

(See Colored Plate Opposite)

For a long time we have urged the Fall planting of grass seed, for either making a new lawn, or renovating the old one, and year after year the results have shown the wisdom of following the natural way.

Grass seed planted in the Fall, germinates rapidly, and will attain a strong growth by the time frost comes. Even with the rigorous Northern winters there is very little danger of its being injured by the cold weather; in fact, our advice is not to protect it in any way.

Even before the frost is completely out of the ground, we find that the young grass responds to the first warm days. Weed seeds from the previous Summer will not start until weeks after the Fall-sown grass has become strong and vigorous enough to withstand their more rapid growth; in fact, if it has been planted thickly, the grass will often crowd out the weeds.

Any lawn will be improved by a light sowing of the appropriate Henderson mixture during early September, together with an application of one of the Henderson fertilizers. You will find a list of our various grass mixtures for particular places on Page 37 and whether you are going to make a new lawn, or renovate the old, we strongly urge your doing so at once.

A copy of our pamphlet “How to Make a Lawn” is sent with every package of the Henderson Lawn Grass Seed.

In the latitude of New York, the seed may be sown up to the first of October, farther south later, and farther north up to about September first.

"I am so thoroughly sold on this seed, that I don't think there is anything better, you will notice Henderson's Grass seeds weigh 20 lbs. to the bushel, while most all other grass seed weigh only 14 lbs., this goes to show that there is not much chaff in it, it's all seed; in other words, THERE IS OVER 40 PER CENT MORE GRASS SEED IN HENDERSON'S BUSHEL.

"I can recommend it very strongly, for I have never seen its equal." ALEX E. BISSING, Hays, Kan.

Price of the “Henderson” Lawn Grass Seed (Delivered Transportation Paid)

50c. per qt. 90c. for 2 qts. $1.65 for 4 qts. $3.00 per peck of 5 lbs. $5.50 per ¼ bushel of 10 lbs. $10.00 per bushel of 20 lbs.

White Dutch Clover. An excellent clover for lawns, makes a close compact growth, covering the ground like a carpet. It also prevents the washing out of soil during heavy rains. Thrives well on all soils. Price, 30c. per ½ lb.; 50c. per ⅓ lb.; 80c. per 1 lb. 10 lb. lot at 75c. per lb.

We give full instructions for making new lawns or re-seeding old ones in our booklet “How to Make a Lawn.” This is enclosed on every package sent out by us.

Special “Bent Formula” Lawn Grass Seed Mixture

It Makes Every Lawn Like a Putting Green and Has Aroused Great Enthusiasm Among All Lovers of a Perfect Lawn

(See Colored Plate Opposite)

On account of the growing popularity of golf in recent years, the question has many times been put to us by our customers, “Why can't I have a lawn that looks like a Putting Green?” Our answer to this was to make up a combination of the finest re-cleaned grasses, using as a basis for this mixture the imported and domestic Bent Grasses which are so largely used in the finer Putting Greens of today.

We are very pleased to announce that our sales of this mixture have more than trebled since we offered it to our customers, and there seems to be no doubt that again this year there will be another great increase in the demand for this special formula.

A lawn seeded with this mixture and properly cared for will in truth make every lawn a Putting Green. On a lawn of this type, Clock Golf and other lawn games may be enjoyably played.

It is imperative in maintaining a lawn of this type, that the grass should be kept cut short and well rolled all through the season. Starvation of the grass plants is the most frequent cause of unsatisfactory lawns, and grass needs constant small applications of fertilizer and plenty of water to maintain a perfect lawn.

Also, every spring apply a dressing of Henderson's Lawn Enricher. Broadcast this, using ten pounds for each 200 square feet, and water it in thoroughly with a hose.

We advise seeding at the rate of one pound to cover a space of 10 x 20 or 200 square feet. Price, transportation paid in the U.S. $1.50 per lb.; 5 lbs. $7.00; 20 lbs. $25.00; 100 lbs. lots and upward, $110.00 per 100 lbs.

THE "HENDERSON" LAWN GRASS SEED

SPECIAL BENT FORMULA

Every lawn a putting green
The “Month of Bloom”
Collection of Garden Tulips

A complaint, frequently voiced by the amateur gardener is that the season of blooming for Tulips is very brief. The season however, may be undoubtedly prolonged to more than a month by selecting varieties which succeed one another, and also by planting some groups in shady situations and others in full sunlight.

The “Month of Bloom” Collection we offer on this page has been very carefully selected for this purpose, and at the same time varieties have been chosen of greatly contrasting colors. We recommend gardeners to plant the bulbs in groups of 12 or 25 all at the same time.

THE “MONTH OF BLOOM” COLLECTION OF TULIPS
Illustrated in their natural colors on this page.

**SINGLE EARLY**
- Golden Queen
- Joost Van Vondel White
- Proserpine

**COTTAGE**
- Gesneriana Scarlet
- John Ruskin
- Picotee

**DOUBLE EARLY**
- Crown of Gold
- Imperator Rubrorum
- Crown of Roses

**DARWIN**
- Clara Butt
- La Tulip Noire
- Wm. Copeland

Collection “R” 12 bulbs each 12 var.—144 bulbs in all $7.50
Collection “S” 25 bulbs each 12 var.—300 bulbs in all $14.00

Our book “Henderson's Bulb Culture” a book of 65 pages will be sent free with every order for these collections.
